## Work Starts Again At Civic Center

Unanimous Vote Follows Report By Architects

By RANDALL GOULD

Work was resumed at the civic center today, one week after the county supervisors' suspension order.

Unanimous decision to continue on a basis of the original plan was reached at an overflow session of the board after architects' report that it would cost more than 5.5 million dollars to complete the administration building as a hospital.

Not only that, but architects Eugene E. Crawford

George V. Banning reported that this outlay would provide only an "inefficient and unsatisfactory nursing home," whereas a good one could be built in Lucas Valley for about two million dollars.

Supervisor George Ludy, who moved the stop-work order last Tuesday, moved the resumption order yesterday—but not without brief conflict.

**VOTE TAKEN**  
"There's already a motion before us," said Supervisor William A. Gnos, referring to something that had come up two hours earlier when the board first met.

Both Chairman William D. Fusselman and Clerk George S. Jones pointed out that a vote had been taken on the motion in question—an effort by the board minority to get the stop-work order lifted before hearing the architect's feasibility report.

Former chairman Walter R. Castro had moved "that we rescind our action due to correspondence received and the 7-1 (adverse view) of the I-J straw ballot"—which Gnos instantly seconded. But the motion lost 3-2.

**'MORE TALKING'**  
"Wait till we get a report from the architect," said Supervisor J. Walter Blair.

In making the eventual motion Ludy said that in five years on the planning commission he'd curbed his comment but "this needs a little more talking."

"It was definitely stated that this was to be a temporary stop order," he went on. "The real

## Public Ballots 7 To 1 For Civic Center

Work Stop Order Overwhelmed In I-J's Straw Vote

Supervisor William D. Fusselman, who asked for the people's opinion on civic center work stoppage, got his answer today.

More than 8,000 voices came back with a booming "no" to the supervisors' 3-2 decision to stop work on the civic center administration building. A sample poll, sponsored by the Independent-Journal and conducted by Dalton, Graupner and Barber, certified public accountants, showed people more than 7 to 1 against the work stoppage.

**GIVEN TO BOARD**

The report on the results was handed personally to the board of supervisors this afternoon by Harry Dalton of the accounting firm.

Here is the report:  
"The Honorable Board of Supervisors, County of Marin, California. Gentlemen:

"At the request of the Independent-Journal, we are advising you directly of the result of the straw ballot initiated by that newspaper. Said ballot consisted of an answer to the following question:

"Do you approve the supervisors' order to stop work on the county civic center?"

**THE RESULTS**

"The answers were mailed directly to us and we have made a complete count thereof, with the following results:  
"Yes—1,225.  
"No—8,152.

"In the counting of the ballots, one vote was allocated to each ballot in those instances where the names of husband and wife had been inserted. This was for the reason that the ballot required an individual answer. The above count does not include ballots received in a form other than the official one. All ballots which were handwritten or were facsimiles reproduced by other methods were not counted.

"We further advise that the names on the ballots received by us have not been compared with the county register of voters.

"The ballots are being held in our custody should you wish to have any examination made thereof."

## Driver Dies As Auto Hits Bridge

A 21-year-old San Rafael man, driving home from a Point Reyes Station tavern, crashed his car into the Tocaloma Bridge on Sir Francis Drake Highway last night and died of his injuries five minutes after reaching a hospital.

His three passengers escaped with minor injuries.

The victim was Cecil LaVern Killgore of 224 Marin Street, an employee of Lando Products Co. in Sausalito. He was taken by ambulance to Marin General Hospital, but died at 6:44 p.m., five minutes after reaching there.

He was the second person killed in Marin traffic in 1961.

By this date last year, there had been three traffic deaths in the county.

Treated for minor injuries were: Richard Goodro, 21, of 107 Ross Street, San Rafael, cuts of head, back and right leg; Jesse Fraser, 21, of 204 Napa Street, Fairfax, left knee cut, and Frank R. McGuire, 20,

of 204 Calle de la Seville, Novato, sprained left ankle.

Goodro told the California Highway Patrol the group had been at a Point Reyes Station tavern and had started to return to San Rafael.

Rounding a curve just before the Tocaloma Bridge at speed estimated by the highway pa-

trol at 45 to 50 miles an hour, Killgore lost control. The two-door sedan hit the bridge, throwing Goodro out of the right front door.

The rear of the car came around in a clockwise spin, banging the left side of the vehicle.

## State Orders Marin To Act On County Hospital-Farm

### Replacement Plans Must Be Submitted

The State of California has served verbal notice on Marin County to do something immediately about its substandard county hospital and farm.

County Administrator Alan Bruce gave the word to the board of supervisors yesterday, just after the board had voted unanimously to order work resumed on the civic center, abandoning a proposal to convert the building under construction there into a hospital.

"Urgent consideration" should be given to problems

of structural danger, Bruce told the board. He said state approval of further emergency repairs would be conditional on submission of a replacement program including method of financing and proposed date of start.

**DEADLINE TOLD**

This date can't be later than July 1, 1962, the board learned. Bruce submitted a letter from the State Bureau of Hospitals to himself, noting past repairs and new jeopardies and reiterating that it would not be worthwhile to keep patching.

"Planning relating to temporary strengthening should be completed by March 1, 1961," read one of several conclusions reached through conferences of county and state officials, "and the work should be accomplished by May 1, 1961."

But the first conclusion said that "the subject buildings should be replaced as soon as possible."

**TO COMMITTEE**

The board referred the problem to its finance committee after having County Clerk George S. Jones read a considerable back file on the record of repairs demanded and made. The only thing the board could get its teeth into was a recommendation that more patients be placed in private nursing homes.

Bruce said such homes allow a daily \$8.22 rate whereas cost at the county hospital is \$9.85. "Do you really think the rest

### Elderly Woman Badly Injured By Car On 101

A 74-year-old woman was struck by a car and seriously injured as she ran across Highway 101 in San Rafael last night.

Mrs. Dora Christensen of North Hollywood, the victim, was reported in good condition today at San Rafael General Hospital. She suffered a compound fracture of the right leg and face cuts.

"She was right there" was the way Bernard David Fantus, 34, Petaluma shoe store manager, described his first glimpse of the woman.

Mrs. Christensen told the California Highway Patrol she had been visiting San Rafael friends and strayed onto the freeway from the Mission Street off ramp in seeking her way to the bus station.

Fantus, traveling an estimated 55 miles an hour, thought the victim was no more than 10 feet ahead when he first saw her enter his headlights running across the freeway.

She said she had become confused, thought she saw a way to get off the highway at the other side, and ran out without realizing a car was near.

UNEXPECTED VISITOR IN SAN RAFAEL

Three-year-old Brian Camgros (left) and Kenneth Lobb, 4, puzzle over a driverless car which plunged down a 150-foot slope and smashed against a cement porch at 227 Jewell Street in San Rafael's Dominican area today. Occupant of the house, Mrs. I. J. Allyn, was visiting a neighbor, Mrs.

Roger Camgros, when the car belonging to Kenneth's mother, Mrs. Edward Lobb of 16 Highland Avenue, rolled out of its garage, crossed Jewell Street, snapped off a "slow" sign, and struck the house about 9:30 a.m. (Independent-Journal photo)

## Kidnaped Girl Plans Revealed For Big Novato Industrial Park

BAKERSFIELD (P)—A 6-year-old girl with a heart ailment, kidnaped five days ago from a farm labor camp, was found slain today in desolate rangeland 60 miles northwest of here.

A nine-man search party was led to the lonely area by the pregnant wife of a former mental patient a few hours after she confessed he had abducted Rose Marie Riddle.

Mrs. Dixie Elaine Lindsey, 23, arrested Sunday near Livermore with her husband, Richard, 30, admitted after hours of questioning in jail that he took Rose Marie.

"He drove north several miles," she said. "He made me get out of the car and he drove off across a field with the girl. When he came back later, the little girl was gone and the whole front seat was covered with blood."

The former Texas convict later confessed kidnaping and slaying the girl.

Residents of a labor camp near Shafter said a man and woman took Rose Marie away last Thursday after promising to pay her \$1 to do some housework.

Two San Mateo County developers today announced plans have been completed for a 460-acre industrial park in Novato.

The land is that of the heirs of R. W. Hanna, who died in 1958, and is immediately north of the Black Point Cutoff and east of the Redwood Highway, bordering both roads.

The development plans were announced by Richard R. Hanna of Hillsborough, son of the late owner, and L. C. Smith of San Mateo, who has been responsible for several residential, commercial and industrial projects in San Mateo County.

The two have formed a development company under the name of Smith-Hanna Black Point Co., with Smith as president and Hanna as executive vice president.

The Northwestern Pacific Railroad runs through the property. One hundred and twenty acres west of the railroad is within the present city limits of Novato. But Hanna said the company plans to seek

annexation of the remaining acreage as it is developed.

The land extends one and one-third miles north and three-quarters of a mile east from the Redwood Highway-Black Point Cutoff intersection. The firm plans a commercial zone along the northern third of the Redwood Highway frontage, with residential development east of it. The southern two-thirds would be devoted to light industry.

Hanna said he has "a half

## New Campaign For Incorporation Of Tiburon Area Gets Under Way

By DEEDEE ABRAMSON

The fifth incorporation movement on the Tiburon Peninsula will be launched at a public meeting of the Tiburon Peninsula Coordinating Council Jan. 25.

Nine Tiburon men, at a private meeting last night, decided the time is ripe for the peninsula to incorporate to control the area's planning.

"The coordinating council is the logical springboard for a survey of the feasibility of this move because it represents the entire peninsula," said Dick De Berry, council president.

At last night's meeting, it was decided that the study should include two phases: Incorporation of all of the property from Highway 101 and/or annexation to Belvedere.

The area proposed for incorporation includes all of the area bounded by the cities of Corte Madera, Mill Valley, Sausalito and San Francisco. It would include all but one acre of Angel Island.

"Planning is our big prob-

lem . . . it is the key to the whole situation . . . We want planning control," De Berry said. "Most of the people are interested in not having industry here. We don't want multiple housing . . . this is not a metropolitan area."

The third incorporation movement had not included Strawberry but that area is being included in the study "because Strawberry is now on

record as being interested," he said.

William R. Zion, governmental research consultant who did the incorporation study in Novato, gave an estimate of approximately \$1,200 for the study and said an additional \$200 to \$300 would be needed for legal advertising. An extra \$300 or so will be charged

# Democrats Assert Revisions To Be Asked In Budget

WASHINGTON (AP) — Democratic leaders predicted today that the incoming Kennedy administration would ask substantial revisions in President Eisenhower's budget.

In view of the lagging economy, some Democrats challenged Eisenhower's contention that his 80.9-billion-dollar financial blueprint submitted to Congress yesterday would provide enough income for a 1.5-billion-dollar surplus in the fiscal year beginning July 1.

Republicans generally defended the Eisenhower estimates. But some of them were critical of the proposal to put another four billion dollars into foreign aid.

Senate Democratic leader Mike Mansfield of Montana said Eisenhower had set aside only "minimum amounts" for housing, urban renewal and aid to education programs expected to be pushed by President-elect John F. Kennedy.

Mansfield said that Congress is likely to provide at least 100 million dollars in depressed area assistance instead of the 10 million Eisenhower budgeted.

The Democratic leader said the balance in the budget "disappears on close inspection." He indicated he doesn't believe

Congress will raise postal rates 843 million dollars or increase gasoline taxes 900 million. Eisenhower used these figures to bolster an estimated 82.3 billion in receipts.

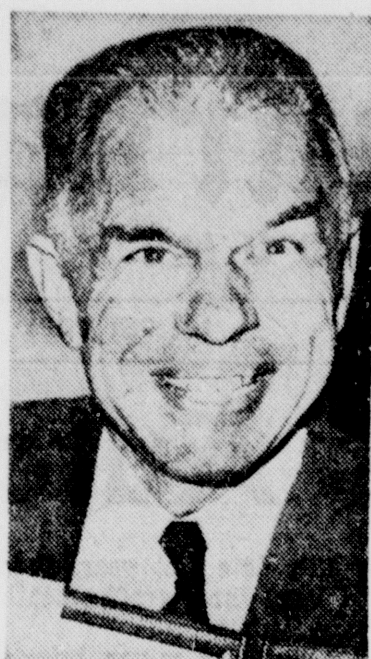

Noting that industrial output dropped 2 per cent in December, Mansfield said every billion decline in gross national product costs the government, between 180 and 200 million dollars in revenue.

"The budget ignores the decreased income which results from current recession trends," he said.

Sen. Hubert H. Humphrey of Minnesota, assistant Democratic leader, said the budget is going to have to be revised to "face up to the economic recession that grips our country."

Sen. Dennis Chavez (D-N.M.), Senate Defense Appropriations subcommittee chairman, said he expects Kennedy to recommend some changes in Eisenhower's 42.9-billion-dollar defense estimates.

Sen. Harry F. Byrd (D-Va.), Senate Finance Committee chairman, said he believes there will be a large deficit, instead of a surplus, in the year beginning July 1 unless federal outlays are substantially reduced.

GLENN T. SEABORG Gets the job

## Nobel Winner Seaborg Gets AEC Position

PALM BEACH, Fla. (UPI) — President-elect John F. Kennedy appointed a small business administrator today, packed his golf clubs and looked over a final draft of his inaugural speech before heading to Washington where the presidency awaits him Friday.

Kennedy named John E. Horne, currently administrative assistant to Sen. John Sparkman (D-Ala.) as head of the Small Business Administration to complete his pre-inaugural schedule of top level appointments.

TO FLY TO D. C. Last night the president-elect selected Dr. Glenn T. Seaborg, Nobel prize winning chemist and chancellor of the University of California at Berkeley, as chairman of the Atomic Energy Commission.

Kennedy was scheduled to fly to Washington this afternoon where he may look in on two or three inaugural parties before flying on to New York tonight. He is to confer in New York Wednesday with Gov. Luis Munoz Marin of Puerto Rico and return to Washington that night.

Kennedy, with a hastily donned tie and a coat over his short-sleeved shirt and khaki trousers, popped in on newsmen late yesterday directly from a golf game to introduce Billy Graham to the press. The evangelist had lunch with the president-elect then played golf with him in a foursome that included Sen. George A. Smathers (D-Fla.) and William Reynolds, head of Reynolds Metals Corp.

JOKE ON SCORES Kennedy and Graham joked about their golf scores without revealing them, and the evangelist admitted that religion "was mentioned" during his visit.

Graham added: "I told the president-elect that I thought that his election had helped relations between the churches, and certainly a better understanding between the Protestant and the Catholic church in the United States has emerged from the election of Mr. Kennedy as president."

In Dr. Seaborg, 48-year-old native of Ishpeming, Mich., Kennedy chose for AEC chairmanship a scientist who has been associated with the rapid development of nuclear energy for peace and war. He was a co-discoverer of several elements necessary for nuclear power and weapons. He won the 1951 Nobel Prize in chemistry for discovery of transuranium elements and in 1959 won the Enrico Fermi Award.

Seaborg will replace President Eisenhower's appointee, John A. McCone, on the AEC. McCone will join the board of directors of FirstAmerica Corp., the bank holding company announced yesterday. His AEC resignation is effective Friday and his directorship effective Jan. 31.

Large bulldozers from the Navy piled up sand 10 to 15 feet high to save the homes. The county was bringing in rock from nearby quarries to add to the dikes and the Navy was using large metal pontoons to sink in the beach to act as a waterbreak.

Muir Woods Visitors There were 508,757 visitors to Muir Woods National Monument during 1960, an increase of .8 of one per cent over 1959. Supt. Frederick M. Martischang noted today that there was a 12 per cent increase in 1959 over 1958.

## CONGO REBELS ROUTED

# Swedes Repulse Attacks On Train

ELISABETHVILLE (AP) — Swedish United Nations troops fought off hundreds of rebel Baluba tribesmen who made three attacks on a train the Swedes were escorting in central Kungu Province.

A U.N. spokesman said the Swedes inflicted "heavy casualties" on the Balubas but that no Swedes were hurt.

The Swedish troops were escorting a train traveling south from the coal mining town of Luena, about 300 miles northwest of Elisabethville. Balubas had attacked the same train over the weekend, wounding three Swedes.

The spokesman said the train was first attacked today a few miles outside Luena by about 100 Balubas armed with old guns and bows and arrows.

"The Swedes repulsed the rebels," he continued, "but the train then reached part of the rail track which the tribesmen had torn up. As the train backed up to return to Luena, about 400 more Balubas appeared and made another attack."

"The Swedes opened fire and the Balubas retreated. There were about 60 Swedish troops on board the train."

"The train was about 500 yards from Luena station when the Balubas launched a third attack which the Swedes drove off, inflicting many casualties. The troops are at present dug in around Luena station and a helicopter is due to leave from Kamina base about 100 miles from Luena with fresh ammunition and other supplies."

Twenty-nine Americans — missionaries and their families — have arrived safely in Runda-Urandi after being detained by pro-Lumumba forces in Kivu Province, a U.N. spokesman in Leopoldville said.

Details of their release were not given, but earlier reports indicated their detention was a mistake on the part of over-eager troops at the border.

## IKE TO MAKE FINAL REPORT ON TV TONIGHT

WASHINGTON (AP) — Dwight D. Eisenhower makes a final report to the people tonight on his two terms as president.

The speech from the White House office will be carried by all major television networks.

In the Bay Area, Eisenhower's speech will be carried at 7 p.m. by radio station KGO, at 8:30 p.m. by radio KCBS and at 8:30 p.m. on television stations KRON (Channel 4) and KGO-TV (Channel 7).

## Six Missing As Fire Hits Naval Pier

CHARLESTON, S. C. (AP) — A spectacular fire, intensified by a strong breeze and two explosions, swept a pier at the naval base here yesterday. The Navy reported six men missing and four injured.

The missing men reportedly were working near a building on the pier that was demolished. The two explosions leveled the building.

The fire occurred at facility known as a degaussing station, where ships are demagnetized. This process is necessary to prevent them from setting off magnetic mines.

The Navy said it would investigate the cause of the blaze. No estimate of the damage was available.

## Three More 'Terrorists' Executed By Castro

HAVANA (AP) — Prime Minister Fidel Castro's regime maintained a curtain of silence today around military operations against rebels in central Cuba's mountains. But it announced execution of three more "terrorists" in Havana and openly purged opposition in labor unions.

The executions, which raised the unofficial total to 580 since Castro took power, were the first since the prime minister announced those responsible for recent bombings and sabotage would be dealt with most severely.

Shot early today in Havana's La Cabana fortress were Juan Mesa Lopez and Julio Llevra Suarez, accused of "counter-revolutionary and terrorist activities," and Balbino Emilio Diaz, charged with attempting to kill pro-Castro radio commentator Jose Pardo Llavra last fall. Llevra Suarez also was accused of spying for the U.S. government.

They had been convicted less than 12 hours earlier. La Cabana was jammed with an undisclosed number of prisoners awaiting trial for anti-Castro activities.

On the heels of a warning to the Bus Drivers Union to close ranks behind Castro's revolution, the Labor Ministry dismissed 360 employees of the recently nationalized Cuban Electric Co. No official reason was given but the workers said they were fired for being unpatriotic and potentially dangerous to loyal workers.

Officials would give no reports on the progress of the offensive in the Escambray Mountains of Las Villas Province. Castro's office denied he was directing the military operation and termed absurd a report that as many as 30,000 government troops were trying to round up 4,000 rebels.

There was no government reaction to the U.S. ban on travel by most Americans to Cuba.

## Laos Troops Take Over Rebel Base

VIENTIANE, Laos (AP) — Pro-Western government troops pushed their way into Vang Vieng yesterday, and captured the strategic rebel base on the road to the royal capital of Luang Prabang after only slight resistance.

Another government column was inching south from Luang Prabang, with plans for a link-up and then a turn east toward the rebel-held Plaine des Jarres.

SOME REVERSES But the government's prospects were seriously dimmed by reverses on the southern front, where pro-Communist forces on Friday captured Ta Vieng, one of the government's staging bases for the planned offensive against the Plaine des Jarres.

The situation around Tha Thom, another government staging base, was confused. French sources said Tha Thom fell Sunday to rebels advancing from Ta Vieng. Other sources said it was still in government hands.

It was reported that rebel Capt. Kong Le had left 500 defenders in Vang Vieng and that they fell steadily back before a determined government push launched at dawn yesterday. The government force was supported by rocket and machine gun fire from the Lao army's four U.S.-supplied trainer-fighter planes.

SOVIET PROTEST The Soviet Union protested to the United States yesterday that the rocket attacks in Laos by the U.S. supplied planes "tend to widen the conflict in Laos and to create a highly dangerous situation in that area."

Soviet Deputy Foreign Minister Vasily V. Zuznetsov, in a warning to U.S. ambassador Llewellyn E. Thompson against American aid to Premier Prince Boum Oum's armed forces, said it was learned the Americans also intended to turn over some F-84 Thunderjet fighters.

In Washington, State Department press officer Lincoln White said he knew of no American plans to send jet fighters to Laos. The Soviet protest stirred speculation that the Soviets may be planning to give jet training to the 60 pro-Communist Laotian pilots.

## WIRE NEWS BRIEFS From Everywhere

### Missiles For Ship

WASHINGTON (AP) — The Navy has won Defense Department approval to convert its long delayed nuclear-powered cruiser Long Beach into the first surface ship armed with long-range ballistic missiles.

Defense Secretary Thomas S. Gates Jr., a former Navy secretary, has rejected Navy proposals for arming a number of surface ships with Polaris ballistic missiles, but made an exception in the case of the Long Beach. The cruiser, first nuclear-powered surface ship ordered by the Navy, has slipped about nine months behind schedule and the estimated cost has risen from an original 250 million dollars to 320 million.

Gates has authorized the Navy to spend an additional 58 million dollars to equip the ship with eight 1,500-mile Polaris missiles.

Industry Output Dips WASHINGTON (AP) — A dip in steel and automobile production has driven industrial output to the lowest point in more than a year.

The Federal Reserve Board said yesterday a 2 per cent drop in December produced a production index of 103 per cent. The high for the year was 111 per cent last January.

The index is based on average industrial production for 1957.

Finch Jury Picked LOS ANGELES (AP) — Selection of four alternate jurors for the third Finch murder trial began today after agreement yesterday on a regular panel of nine men and three women.

Dr. R. Bernard Finch and his paramour, Carole Tregoff, are charged in the fatal shooting of the physician's wife, Barbara Jean, on July 18, 1959. Two trials ended with deadlocked juries.

Trains Canceled NEW YORK (AP) — All trains on the vast New York Central Railroad were canceled today as a result of trainmen refusing to cross picket lines of striking tugboat crewmen.

The shutdown affects 40,000 central commuters in the New York City area. The strike by three unions involving 660 crewmen on the Hudson River ferries and tugs threatens to tie up other commuter and long distance rail operations affecting more than 100,000 riders.

The 51 men, ranging in age from 18 to 57, live in 24 states and Canada.

### The Union Restored

WINSTON-SALEM, N. C. (AP) — The Young Republicans here voted yesterday to stage a Lincoln Day dinner on Washington's birthday at the Hotel Robert E. Lee.

Train Crash Kills 8 MAGNOLIA, Miss. (UPI) — A passenger train collided with a gasoline truck here today, exploding a torrent of flame and metal that killed at least eight persons.

The northbound Illinois Central diesel City of New Orleans hit an oil truck at the depot here, throwing the truck into boxcars on another track and setting the diesel and several boxcars afire.

U.S.-Canada Pact WASHINGTON (AP) — President Eisenhower and Canadian Prime Minister John G. Diefenbaker today signed a treaty for joint U.S.-Canadian development of the Columbia River resources. They hailed it as a milestone in international relations.

The pact is to run for at least 60 years and contemplates billions of dollars of construction. Eisenhower and Diefenbaker signed the pact in a White House ceremony.

### Big Gold Theft

BUENOS AIRES (AP) — Police are holding four customs officials in an investigation of the biggest robbery in Argentine history, the theft of 60 million pesos — \$718,500 — worth of gold in an airport holdup Sunday.

The customs officials told police they were forced at gunpoint to open a vault containing gold ingots and coins. Four men wearing white overalls fled with the booty.

Obscenity Indictments CHICAGO (AP) — A federal grand jury has accused 51 men and one woman of sending of conspiring to send obscene material through the mails in connection with their membership in so-called pen pal clubs advertised in magazines illustrated with nearly nude muscle men.

U. S. Dist. Atty. Robert Ticken and post office inspectors said the investigation was aimed at the Adonis Male Club and the International Body Culture Assn., which allegedly solicited members by means of free advertising in the magazines Vim and Gym.

The 51 men, ranging in age from 18 to 57, live in 24 states and Canada.

## Conservation Pleas Given To Kennedy

WASHINGTON (UPI) — Advisers reported to President-elect John F. Kennedy today that the nation needs "vigorous new leadership" in conserving and developing its natural resources.

They predicted that the new Democratic administration "will establish landmarks of achievement toward a constructive program that will protect the rightful heritage of all Americans."

The report, submitted by the Kennedy-Johnson natural resources advisory committee, said full development of water, soil and forest resources "is necessary to make possible the growth of our economy essential to America's role in the free world."

It recommended a speedup in constructing flood control and small watersheds projects, federal aid to combat water pollution, expansion of the national parks system, harbor and waterways improvements, establishment of a national fuels policy and stepped-up research in a variety of fields.

The report urged giving "special consideration" to the needs of depressed areas. It suggested expanding national forests in those areas, and greater use of coal from them to produce electricity.

The document, based on recommendations from 200 committee members, set no price

tag on its proposals. Rep. Frank E. Smith (D-Miss.), committee director, said the proposals "would not involve a great deal more money" than the government is spending now, but would provide "more productive public use" of natural resources.

The advisory committee warned that "an adequate water supply for our growing population will be a major domestic need for many years to come." It recommended that Kennedy include a team of experts on the subject in a proposed new department of urban affairs.

## Huge Waves Batter Homes Near Ventura

VENTURA (UPI) — Navy Seabees and volunteers using portable lights worked through the night to install pontoons in an effort to save homes today from huge waves which have been pounding sections of the Southern California coast for four days.

Gov. Edmund G. Brown has declared the section around Pierpoint Bay Colony a disaster area, thus freeing economic aids to combat housing, road and beach damage caused by the destructive waves.

Cause of the unusually high tides and waves up to 15 feet remained a mystery. About 50 homes in the \$15,000 to \$20,000 class were threatened.

A group of between 200 to 300 Seabees, jail trustees, county workers and volunteers—including children—has been piling up sand and rock since Saturday in an effort to hold the ocean back.

Large bulldozers from the Navy piled up sand 10 to 15 feet high to save the homes. The county was bringing in rock from nearby quarries to add to the dikes and the Navy was using large metal pontoons to sink in the beach to act as a waterbreak.

Muir Woods Visitors There were 508,757 visitors to Muir Woods National Monument during 1960, an increase of .8 of one per cent over 1959. Supt. Frederick M. Martischang noted today that there was a 12 per cent increase in 1959 over 1958.

# School Board May Work Out Salary

The Marin County Board of Education may be legally able to increase the salary of Rudolph S. Kupfer, assistant county superintendent in charge of research and finance, after all.

The board and the County Supt. Virgil S. Hollis have been wanting to pay Dr. Kupfer \$13,383, the same as other assistant superintendents, rather than the \$11,160 he now receives. The problem is that the county pays three-quarters of Kupfer's salary as a county employee and the other quarter is paid by the board of education from the county school service fund.

Douglas Maloney, deputy county counsel, appeared before the board last night to try to work out a legal way for Kupfer to get added funds from the county school service fund without upsetting the county school service fund without up-general fund allocations, under which most of his salary is paid.

Maloney said he believed the school board could pay Kupfer anything it liked for the 25 percent of his time which is reimbursed from the school serv-

ice fund—if the board determined Kupfer is not being paid for all services he is performing.

Superintendent Hollis said he doubted such a procedure would be legal. He urged the board to pay Kupfer overtime at a rate of \$5.37 per hour for about 10 hours a week.

But Maloney pointed out there is no clause in Kupfer's contract calling for payment of overtime.

After about half an hour of wrangling, board members agreed they'd like to give Kupfer the extra money and instructed Hollis and Maloney to get together, agree on a method and present it to them at their February meeting.

In other action the board:

1. Continued the same charge, \$150 per student, for use of the county's audio-visual services. The county put up a matching \$150 for each student.
2. Designated Mrs. Adele S. Alpers and OB Cavanaugh to represent the board at a conference in Asilomar March 20-23.
3. Agreed not to make tape recordings of board sessions.
4. Witnessed a showing of the film "Wonders in Your Own Back Yard," a motion picture for primary classes available through the county's audio-visual department.

## Four Seeking Places With School Board

Two incumbent candidates for four vacant seats on the county board of education have filed for re-election at the April 18 election.

Harry Press of San Anselmo, who was appointed to the job just a year ago, filed his candidacy papers for representative of the newly designated third (Ross Valley) District which includes Nicasio.

OB Cavanaugh of Stinson Beach, long-time board member, has filed to represent the West Marin district for another four years. As yet, neither of them has competition.

Two board members whose terms are expiring must contest each other if they wish to return to the board. However, Howard Chadd of Sausalito and board president Robert Randolph of Mill Valley have not yet indicated whether they will seek re-election.

The unusual situation of one board member running against another comes about because of a change in the law made by the 1959 state legislature. It abolished "at large" representatives on a county school board. Marin had been divided into five districts with seven members on the board; thus two could come from one district.

The redistricting of Marin into seven districts left Randolph and Chadd in the same district. It also established a seat for the Seventh District in northwest Marin, for which no candidate has yet filed.

Candidates have until March 17 for filing their declarations.

## North Bay Movers Elect Officers

Thomas W. King of Crockett's Van and Storage, San Rafael, has been elected first president of the newly organized North Bay Movers Assn., a name which may be temporary.

Also elected at a meeting at Cloud Five in Novato were Alfred D. Sund Jr. of Santa Rosa Transfer and Storage Co., vice president, and Everett Reulle of United Moving and Storage, Larkspur, secretary-treasurer.

Richard Hardin of Pierce-Hardin Van and Storage, San Rafael, and Jerry Poznanovich of Schultz Van and Storage, Santa Rosa, were named to the board of directors.

The group includes 15 moving and storage firms in Marin and Sonoma counties. A permanent name is yet to be selected.

## COLLEGE OF MARIN STUDENTS HOLD HIGH RANK AT STANFORD

Of transfers from 65 junior colleges throughout the United States to Stanford University, those from College of Marin ranked fourth in grade point averages for the past three years, a Stanford registrar's report revealed today.

The report, sent to administrators of all schools with graduates at Stanford, showed two College of Marin students who have attended College of Marin since 1957 have averaged a grade point average of 3.11, or roughly a B-plus.

Straight A grades would be rated as 4.0, B at 3.0 and C at 2.0. The average grade point score of students from the nation's junior colleges was 2.25.

Sir Francis Drake High School led the county's public high schools with 13 students averaging 2.61 for the three-year period. Tamalpais High School, with 12 students, and San Rafael High School, with eight students, tied for a grade point average of 2.54. Redwood High School's six students averaged 2.47.

The county's private preparatory schools represented at Stanford are Katharine Branson School whose eight students averaged 2.72, and Dominican Upper School, whose nine graduates averaged 2.70.

Last year's average grade points from 1,045 of the nation's public high schools was 2.64. The 294 private schools listed scored a grade point average of 2.48.

## Novato Film To Benefit Church Fund

The first complete showing of a color film on Novato's history goes on the screen at 7:30 o'clock tonight as a benefit for Our Lady of Loretto Church construction fund.

The film was compiled by Novato resident Alton Lerch. The full showing, two hours and four reels, will be at the church parish hall, Grant and Virginia Streets.

The film uses still and moving sequences to show the history of North Marin from Sir Francis Drake's landing to the birth of Novato a year ago. Lerch supplies commentary, a sound track of music and a player piano for the old-time scenes.

The showing is sponsored by the Knights of Columbus and Catholic Daughters. Money will go toward a building fund.

## MISTER TOM GETS JOB BACK AGAIN

VAN NUYS — Mister Tom, the company cat who caused a labor-management crisis when he was fired last week, is back on the job today—with a sand box.

Officials of Pacific Mercury Electronics Corp. had blamed Tom's dismissal on a lack of hygienic habits. They agreed to discuss the matter with employees when a union threatened to seek state intervention.

At a two-hour meeting yesterday, Tom's housekeeping problems were ironed out.

A Carpenters Union official said he would provide a house and sandbox, and Tom went back to his post at the main gate.

Independent-Journal, Tuesday, Jan. 17, 1961 9

## San Rafael Appoints Building Inspector

Andrew Thomas, 55, was appointed chief building inspector for the City of San Rafael last night.

The city council unanimously approved the appointment effective Jan. 1 on the customary six-month probation period. The promotion means a salary increase from \$625 to \$700 a month for Thomas.

Thomas has been acting chief building inspector since Clifford Monk died last Oct. 16 from a heart attack suffered on a hunting trip in Siskiyou County.

A veteran building inspector and contractor, Thomas went to work on Monk's assistant in January, 1958.

Prior to that he was chief building inspector for Corte Madera for two years, a building inspector for Marin County

for one year, and a building inspector in Seattle, Wash., for three years.

Thomas worked as a general contractor specializing in residential and commercial building for 10 years in Seattle.

He lives at 2 Thomas Court, San Rafael, with his wife, Edith, an interior decorator, and his son, Paul, 17. The couple have three married sons who live outside the county.

## P-TA Congress Set To Honor Mrs. Alpers

Mrs. George Alpers of San Rafael, past president of the 14th district of California Congress of Parents and Teachers Assn., will be honored at the group's program, 11 a.m. Thursday in Montgomery High School auditorium, Santa Rosa.

## Convict To Stand Trial In Slaying

Farrell H. Fenton, 27-year-old San Quentin Prison inmate who is charged with stabbing another inmate to death during a World Series baseball telecast last Oct. 11, will stand trial on April 4 in Marin County Superior Court.

Fenton, convicted of burglary, forgery and robbery in Alameda County, pleaded innocent to the murder charge after a motion to dismiss the indictment was denied by Judge Richard M. Sims Jr.

The jury trial is expected to take two weeks.

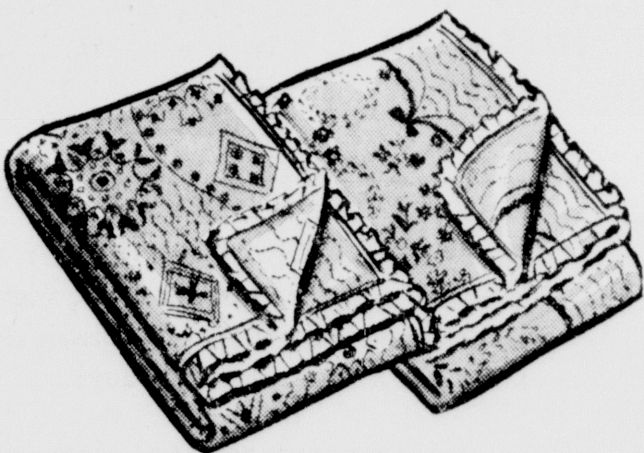

Fenton faces the gas chamber if convicted.

**A CUPFUL OF LEMONADE**

Although it may look more like a yellow pumpkin, the lemon Louise Dell'Era, freshman at San Rafael High School, is holding will probably be more than enough to fill the cup with lemonade. The tree which produced the five-inch wide fruit started as a sapling in the back yard of the home of Mr. and Mrs. Nazzarino Dell'Era, 118 Center Street, San Rafael, two years ago. Louise says the tree is full of lemons but not quite the size of this monster. (Independent-Journal photo.)

**State Schools  
Enroll Record  
Four Million**

SACRAMENTO (UPI)—A record shattering total of more than four million pupils attended California schools during the 1959-60 school year, it was announced yesterday.

Roy E. Simpson, superintendent of public instruction, said the enrollment of 4,020,295 included students in fulltime and parttime classes as well as those in adult education courses.

Only three of the state's 58 counties recorded dips in enrollment. These were Mendocino, Modoc and Trinity.

The largest percentage gain was in Mono County where 72 new students raised the total to 493, up 17.1 per cent. But the largest pupil gain was in populous Los Angeles County, which added 48,425 students. Next were Orange, up 22,920; Santa Clara, 17,907, and San Diego, 12,464.

Simpson said the "bright spot" in the face of rising enrollments was a drop from 119,045 to 93,952 in the total students in double sessions — thus halting a trend toward the half-day sessions.

## Personal Property Tax End Urged

SACRAMENTO (AP)—A plan to give California householders a 50-million-dollar tax break was proposed in the legislature today.

Assemblyman Carl A. Britschgi (R-Redwood City) introduced a bill to raise the present personal property tax exemption on household goods from \$100 to \$2,000.

He said it would provide tax relief for "practically everyone."

The State Board of Equalization said the 58 counties last year assessed \$50,812,000 in taxes on household goods assessed at 696 million dollars.

A board spokesman said Britschgi's bill would "just about wipe out the tax." He

said only a few of the wealthiest people would still have to pay.

Britschgi offered no alternative source of funds to make up the loss in revenue to the counties.

"I'm out, frankly, to abolish the tax," he said.

He called it "the most inequitable, unfair, unjust and unreasonable plan in California's entire tax program," adding:

"It is impossible to determine the true value of householders' personal property."

"One county makes one type of guess at evaluation, while other county assessors just add a figure for local revenue purposes and apply it accordingly."

## FOR SCHOOL BUILDINGS

### Construction Bill Would Aid Economy

SACRAMENTO (AP)—The legislature today speeded action to create jobs for California's unemployed.

An emergency bill to allocate an additional 30 million dollars for school construction headed for quick approval by the Assembly Rules Committee.

"The urgency is great," said Assemblyman Vernon Kilpatrick (D-Lynwood), author of the bill. "I hope the money will begin going out by the first of the week."

T. H. Mugford, deputy director of finance, said the economy should begin feeling the effect of the measure within six weeks.

Kilpatrick said the measure, backed by Gov. Edmund G. Brown, will create jobs and wipe out a 25-million-dollar backlog of school building applications. The money goes to impoverished school districts.

Two other anti-recession measures are also before the legislature.

One, a bill by Sen. Stanford C. Shaw (D-Ontario), will provide an extra six to 13 weeks of unemployment insurance to areas feeling the pinch of unemployment. Beginning in February, Shaw said, it will give the jobless an extra 13 million dollars.

The other will give workers displaced by automation up to \$55 a week for 26 weeks while they learn new skills. Sen. Randolph Collier (D-Yreka), who introduced the measure, said the money will come from unemployment insurance funds.

Collier's proposal also has the backing of the governor.

The day after the governor signs the school bill, the Finance Department said, the State Allocations Board will meet to parcel out the 30 million dollars to individual districts.

### Public Schools Cost More—But Why?

SACRAMENTO (AP)—The chairman of the Senate Education Committee said today he plans to investigate why public schools cost so much more to build than private schools.

Sen. Donald Grunsky (R-Watsonville), said reports indicate wide differences in price for comparable buildings in the same area.

"Apparently there is no graft, padding by contractors or the like. It seems to be a breakdown at the school board level, one I can't put my finger on yet," Grunsky said.

Since Gov. Edmund G. Brown is asking immediate commitment of 30 million dollars from school bond reserves as an anti-recession measure, the problem becomes more urgent, the senator said.

One-third of the state's 1,800 school districts have reached their bonding capacity limit and depend on state loans and grants for constructing funds.

## SACRAMENTO SUMMARY

By ASSOCIATED PRESS

### THE SENATE

Suspended rules to allow immediate consideration of bills to provide emergency unemployment aid to hard-hit areas, Shaw (D-Ontario), and to allow transfer of dangerous mental patients to state prisons, Short (D-Stockton).

Bills introduced: Aged—Increases from \$95 to \$105 a month maximum basic state grant to needy aged, Collier (D-Yreka).

Juvenile—Gives youths right to counsel in juvenile court, Cobey (D-Merced).

Workers—Series of AFL-CIO bills liberalizing workman's compensation laws, said benefits, Regan (D-Weaverville).

Holidays—Repeals requirement that birthday anniversaries of Washington, Lincoln, Admission Day and Veterans' Day be school holidays, Collier.

### THE ASSEMBLY

Voted 53-16 in favor of abolishing the electoral college; voted 63-13 for ratification of a proposed constitutional amendment giving Washington, D. D. C., representation in the electoral college.

Bills introduced:

Meetings—Prohibits private organizations with public officials as members and supported by public funds from holding secret meetings, Buserud (R-San Francisco).

Voting—Requires counting

### 46 Million Students

WASHINGTON (AP)—The Census Bureau reports that approximately 46 million students were enrolled in American schools and colleges last fall. This was an increase of 16 million, or 53 per cent, over the number 10 years ago, the bureau said last night.

**OVERFLOW CROWD AT SUPERVISORS** — The crowd was too big for the Marin County Board of Supervisors' chamber yesterday as a throng turned out to hear—and be heard—on the question of continuing the county civic center project. Chair-

man William D. Fusselman is at right front, Supervisor Walter R. Castro directly beyond him and Supervisor William A. Gnos with back to camera in this picture, taken before the meeting was moved to a superior courtroom to accommodate more of the public. (Independent-Journal photo)

## FATALITY

Continued from page 1  
hicle broadside against the bridge.

Fraser and McGuire, who were in the rear seat, said they knew nothing of what happened.

Killgore, born in Nebraska, moved to Marin County with his parents in 1946. He was graduated from Sir Francis Drake High School in 1957.

He was a member of the Marine Corps Reserve, 14th Rifle Company, in Kentfield.

He is survived by his parents, Harold and Nona Killgore, of 10 Napa Street, Fairfax; two brothers, Wesley, of Fairfax, and Donald, who resides with his parents; two sisters, Glenna Lu, who also lives with the parents, and Mrs. Alberta Tynes, with whom Cecil lived in San Rafael. He is also survived by his grandparents, Ollie and Nellie Killgore, of Fairfax, and Edward and Julia Howerter of Nebraska.

Funeral services will be held Friday at 1 p.m. at Keaton's Mortuary, San Rafael. Burial will be in Mount Tamalpais Cemetery.

## Thief Takes \$2,200 From Tiburon Cafe

A thief got away with \$2,200 in cash and six cases of whisky from Tommy's Pier 41 restaurant in Tiburon, the owner reported to sheriff's deputies yesterday.

Deputy Sheriff Harold Slezer said the burglar may have hidden inside the restaurant at closing time Sunday, then forced his way into the bar and liquor store room.

Janitor John F. Anschutz of 49 Belvedere Avenue, Belvedere, discovered the break-in yesterday morning when he came in to clean up. He called owner Thomas E. Cox, who discovered the weekend cash receipts gone from behind the bar. Six cases of liquor (12 bottles in each case) were also missing.

Total loss is about \$2,500.

## MARIN FIRE CALLS

**YESTERDAY:**  
4:15 p.m. Sausalito—Lockout at 6 Princess Street.  
6:27 p.m. Alto — Spare ribs caught fire in oven at 8 Clotilda Court, no damage.  
6:34 p.m. Woodacre — Chimney fire at residence of Mrs. William May, Laurel Avenue.

**TODAY:**  
12:45 a.m. Sleepy Hollow—False alarm at 221 Van Tassel Court.

## Quentin's Oldest Inmate, 86, Gets Birthday Cake

The oldest person confined in San Quentin Prison received a cake from the prison hospital staff yesterday in celebration of his 86th birthday.

Tony di Tardo, who has been in the prison longer than any other of the present inmates, was able to recall his 40th birthday spent within the walls of San Quentin.

He spends his time in his own rocking chair in the hospital because he is unable to work. When younger, he worked in the prison as a machinist and carpenter. He was also a call tender in the ancient Span-

## STOCKS TODAY

NEW YORK — The stock market closed mixed today in active trading. Key stocks showed gains or losses running from fractions to about a point.

Volume for the day was estimated at 3.7 million shares compared with 4.51 million yesterday. (The following closing prices of representative New York stocks supplied by Irving Lunsborg and Co., San Rafael, member, N.Y. Stock Exchange.)

## PARK

Continued from page 1  
dozen good prospects" for industrial tenants already, but declined to disclose names as yet.

A 10-acre site in the northern part of the acreage has been set aside for a public park "and will be available to the City of Novato if they want it," said Hanna.

He said he believes the industrial park will be the largest of its type in the Bay Area.

Master plan for the park has been prepared by Rolland B. Hammond, San Rafael architect.

The park will be known as R. W. Hanna Industrial Park.

## Local NAACP Aids Tent City

The Marin County Branch of the National Assn. for the Advancement of Colored People opened its Freedom Fund drive yesterday to collect money, clothing and household items to be sent to Freedom Village in Somersville, Tenn.

President Edward T. Anderson said the drive started with a \$25 contribution from the Marin County branch. He requested that interested persons send contributions to either the village Baptist Church, P.O. Box 211, or Mrs. Ramon Cortes, P.O. Box 1123, Marin City. The drive is to help Negroes who are living in tents after reportedly being evicted from farms where there was no work for them, Anderson said.

ish cell block of San Quentin many years ago. He was sentenced to San Quentin in 1920 for the murder of his wife, Madeline, in San Jose and has refused parole numerous times.

**DO FALSE TEETH**  
Rock, Slide or Slip?

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, nasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor breath." Get FASTEETH at drug counters everywhere.

## San Rafael Sets Meeting On Road Widening Plan

Engineer Daniel Coleman will make his recommendations on the proposed widening of Highway 101 through San Rafael at a meeting with the city council at 4:30 p.m. tomorrow in the city hall.

The San Francisco engineer has been working on the report for four months. He was employed by the city on Sept. 19 at \$8.50 an hour with the total cost including a master streets and highway plan not of exceed \$15,000.

His bill for the first four months work was \$6,650, was paid last week, according to City Manager Dan E. Anderson.

Coleman will report on what he thinks the city should require be done by the division of highways in the development of the freeway.

## TIBURON

Continued from page 1  
for the study of annexation to Belvedere, he said.

He added that most incorporation movements are sold on the defense of the status quo. His listeners agreed.

The nine men delved briefly into the future of the three sanitary districts and two fire districts within the area proposed for incorporation but felt that final decisions on whether to take them over or contract for their services would have to be left until later.

At the meeting were De Berry, Robert A. Sterling, Tiburon Sanitary District secretary; Fred C. Hannahs, Tiburon Fire Protection District chairman; Frederick M. Parke, representing Greenwood Beach Property Owners Assn.; Howard G. Rowbottom, Paradise Property Owners Assn.; Gilbert D. Darroch, Bayview Heights Property Owners Assn. president; developer Harold B. Reid; real estate broker William H. Raftor; Tiburon Property owners Assn. president William H. Von Lackum and an Independent-Journal reporter.

Belvedere Planning Commission Chairman George Goddard sat in on the meeting, as did Commissioner Kenneth A. Frost.

Goddard's only comment was, "The economic benefits of annexation would have to be included to convince Belvedere." The latest incorporation movements were two started by the Tiburon Chamber of Commerce in 1951 and 1959 and two pushed by citizens groups in 1955 and 1958. The former attempts died for lack of money for necessary surveys.

"We have no money in hand right now but I understand that several residents have pledged donations," De Berry said.

## KEY CANCELS MEETING; IT WASN'T THERE

The Marin City Tenants Council didn't hold its scheduled meeting last night.

The reason: Ollie Thompson didn't show up with the keys to the Marin City Community Building.

After waiting a half hour in the cold, the council members adjourned until next Monday at 8 p.m.

## Civic Center Unit Takes New Name

The Citizens for the Civic Center transformed itself last night into the Council for Civic Responsibility.

Sixteen members of the board of directors of the group, which organized at white heat last week after the county board of supervisors stopped work at the civic center, met at College of Marin.

"We decided we did not feel completely at ease about the civic center," reported Harold Stockstad of Tamalpais Valley, chairman. "The irresponsible manner in which the stop order was effected made us feel the need for an organization which could scrutinize county government in general."

The 16 directors then adopted the new name, and decided to meet next week to plan its further existence.

County Auditor Leon A. de Lisle resigned his directorship, saying he thought presence of a county official might be embarrassing.

Architect Crawford read a five-point opinion against the conversion, starting at 3 a.m. after two hours of talk during which 29 speakers expressed themselves along with many scattered ejaculations. Applause often interrupted and boos were heard until the board by unanimous consent approved applause but not "impoliteness."

Drift of the report was soon evident when it stated a conclusion that "the county would be ill-advised to pursue this matter."

Briefly, the five points were: That Lucas Valley is the better location for a hospital, that space layout in the civic center building is fine for offices but poor for hospital, that state hospital requirements on "circulation" weren't met by the office building plan, that costly mechanical problems would be involved in conversion, and finally that cost would be excessive: \$750,000 to a million occupancy at higher rate, it pays the homes to keep filled even at a bargain figure.

"If they can do it for less than we do at the hospital, and still pay taxes, there's something wrong with our own operation," insisted Blair.

"I agree," put in Supervisor George Ludy, who with Blair comprises the finance committee.

"It indicates not very good operation of your own hospital," said Jones.

## Work Resumes Again At Civic Center Site

Continued from page 1  
son was that we thought that possibly by some study we could come up with a program saving money in taxes by re-converting to a hospital.

"At the time I said I would abide by the statement of the architect. It has now been made public. Therefore I make the motion that the stop order be rescinded and work started again immediately."

Fusselman yielded to Castro, observing, "There's quite a race to second the motion—I thought I would, but you may."

As soon as the roll call disclosed unanimous opinion, Gnos spoke up again.

"I now move that the civic center committee be reappointed," he said.

This time Ludy voted with Gnos and Castro, while Fusselman and Blair voted "no" on reappointing the committee. It marked the first time Ludy has voted with the usual minority members of the new board.

The reappointed committee includes County Auditor Leon A. de Lisle, who was active in the Citizens for the Civic Center's fight against the shutdown of the project.

This was to have a sequel an hour later when architect Aaron Green of the Frank Lloyd Wright Foundation was sharply admonished by Fusselman to be less "remote" with the board, and work with the board as well as committee.

Concluding episode of this part of the session was unanimous passage of a motion by Castro to obtain figures immediately from the builder as to how much it was going to cost the county because of the stop-work order, "settlement to be made now and paid up."

Assistant auditor-controller Michael Mitchell quietly called attention to a legal opinion by County Counsel E. Warren McGuire, five single-spaced pages long and not read yesterday, which Mitchell said made it clear that at least a 4-1 vote would be necessary to appropriate any money connected with the proposed conversion to hospital. That, said Mitchell, would have applied to the stop-work order applied except for Castro's action.

Architect Crawford read a five-point opinion against the conversion, starting at 3 a.m. after two hours of talk during which 29 speakers expressed themselves along with many scattered ejaculations. Applause often interrupted and boos were heard until the board by unanimous consent approved applause but not "impoliteness."

Drift of the report was soon evident when it stated a conclusion that "the county would be ill-advised to pursue this matter."

## OBITUARIES

### Descendant Of Pioneer Family Dies

Mrs. Gertrude E. Boyd, 81, whose parents, Mr. and Mrs. Louis Canepa, operated a ranch near Tomales during the 1850s and '60s, died yesterday in a local hospital after a stroke which she suffered Thursday in her home at 135 H Street, San Rafael.

Her husband, Walter Boyd, died last January. He had owned the Princess Theater in Sausalito until 1937. The theater is now known as the Gate Playhouse.

Mrs. Boyd had resided in Marin County for 38 years and was a lifetime Californian, born in Ferndale, Humboldt County.

She was a member of the Native Daughters of the Golden West while she lived in Ferndale.

She is survived by a daughter, Mrs. Catherine O'Donnell of South San Francisco, and a sister, Ella Canepa of San Francisco.

A High Mass of Requiem will be celebrated tomorrow at 9:30 a.m. at St. Raphael's Church after the cortege assembles at Keaton's Chapel, San Rafael, at 9:15 a.m.

The Rosary will be recited tonight at 8 o'clock in Keaton's Chapel. Burial will be in Holy Cross Cemetery, Colma.

### CLOYCE GAULT

Funeral services for Cloyce C. Gault, San Quentin Prison correctional officer who died Sunday, will be held Thursday at 1:15 p.m. at the Harry M. Williams Mortuary San Rafael.

Free and Accepted Masons Marin Lodge 191 will conduct the services for Gault 61 who suffered a heart attack while on duty at the prison and died a short time later in a San Francisco hospital. Interment will be in Golden Gate National Cemetery San Bruno.

Gault is survived by his wife, who resided with him at House 5, San Quentin Village. Other survivors include his mother, Mrs. Maggie Gault, Larkspur; a stepson, Myron E. Engholm, El Sobrante, and two grandchildren.

### BIRTHS

BROWN—A son, to the wife of Robert Brown, Sausalito, Jan. 2 in San Francisco.

RAUH—A daughter, to the wife of Fritz Rauh, Mill Valley, Jan. 4 in San Francisco.

HEIDEN—A daughter, to the wife (Ethel Skinner) of Stanley Heiden, Novato, Jan. 11 in Marin General Hospital.

WARD—A daughter, to the wife (Barbara Moller) of Edm. Ward, Novato, Jan. 13 in Marin General Hospital.

GOODRO—A son, to the wife (Donna Nickels) of Vernon Goodro, Kentfield, Jan. 13 in Marin General Hospital.

BLAKELY—A son, to the wife (Joyce Kern) of Charles Blakely, San Rafael, Jan. 14 in Marin General Hospital.

ULLARD—A daughter, to the wife (Peggie Stockton) of Edwin Ullard, San Rafael, Jan. 14 in Marin General Hospital.

LA GER—Twins, a son and daughter, to the wife (Patricia Lewis) of Ronald Lager, Greenbrae, Jan. 14 in Marin General Hospital.

COLLINS—A son, to the wife (Vivienne DeLay) of Gordon Collins, Novato, Jan. 14 in Marin General Hospital.

CORE—Twin sons, to the wife (Eloise Sarraf) of Roger Core, Corte Madera, Jan. 14 in Marin General Hospital.

PORTER—A daughter, to the wife (Eloise Nickles) of Arthur Porter, Novato, Jan. 15 in Marin General Hospital.

O'CALLAGHAN—A daughter,

to the wife (Jayne Buehmann) of William O'Callaghan, San Anselmo, Jan. 15 in Marin General Hospital.

GOOLIS—A son, to the wife (Rosemarie Casali) of Carl Goolis, Corte Madera, Jan. 15 in Marin General Hospital.

DAVIS—A daughter, to the wife (Eunice Lanning) of Franklin Davis, San Rafael, Jan. 15 in Marin General Hospital.

LINKER—A son, to the wife (Frances Sur) of John Linker, Mill Valley, Jan. 15 in Marin General Hospital.

### DIVORCE ASKED

WHITE—Harold W. vs. Fay A., cruelty.

BARBEE—Lillian vs. Harvey, cruelty.

TOWNSEND—Mary vs. Robert L., cruelty.

### MARRIAGE LICENSES ISSUED

James G. McKown, 32, and Jacqueline Marie Brown, 26, both of Eureka.

Joseph E. Downing, 43, of 93 Cambridge Heights, Novato, and Mary A. Farnell, 39, of 1320 Leafwood Drive, Novato.

Eugene Linssen, 37, Corte Madera, and Barbara Holt, 28, San Rafael; license issued in San Francisco.

### DEATHS

BOYD—In San Rafael, Jan. 16, 1961. Gertrude E. Boyd, beloved wife of the late Walter Boyd; loving mother of Catherine O'Donnell of South San Francisco; a sister of Ella Canepa of San Francisco; a native of California, aged 81 years.

Friends are invited to attend the funeral Wednesday, Jan. 18, at 9:15 a.m., from Keaton's, Fifth and E Streets, San Rafael, thence to St. Raphael's Church where a Requiem High Mass will be offered for the repose of her soul, commencing at 9:30 a.m. Interment, Holy Cross Cemetery, Colma. Tuesday, at Keaton's Chapel. (1/17)

KILLGORE—In San Rafael, Jan. 16, 1961. Cecil L. Killgore, son of Harold and Nona Killgore, brother of Wesley, Donald, and Glenna Lu Killgore and Mrs. Alberta Tynes, grandson of Ollie and Nellie Killgore, of Fairfax, and Edward and Julie Howerter of Nebraska; a native of Nebraska, aged 21 years; a member of the U.S. Marine Reserve.

Friends are invited to attend the funeral Friday, Jan. 20, 1961, at 1 p.m. o'clock at Keaton's Mortuary, San Rafael. Interment Mount Tamalpais Cemetery. (1/17-18-19)

RICHARDS—In San Rafael, Jan. 15, 1961. Bernice L. Richards, beloved wife of Odie Richards, loving mother of Mrs. Marjorie Ann Beyer of San Rafael and Betty Ann Davis of San Rafael, loving daughter of Herman D. and Angie Zwinge of Stockton, loving sister of Herman Zwinge of Sonoma and Norman Zwinge of Marysville; a native of Jamestown, Calif., aged 46 years; a member of San Rafael Chapter No. 215, OES; Redwood Shrine No. 102, Order of White Shrine of Jerusalem; Phi Kappa Phi; Daughters of the American Revolution; Sons of the American Revolution; and other organizations.

Friends are invited to attend the funeral Wednesday, Jan. 18, 1961, at 11 a.m. at the Harry M. Williams Mortuary, San Rafael, where service will be conducted by San Rafael Chapter No. 215, OES. Interment Mt. Tamalpais Cemetery. Memorial contributions to your favorite charity preferred. (1/16-17)

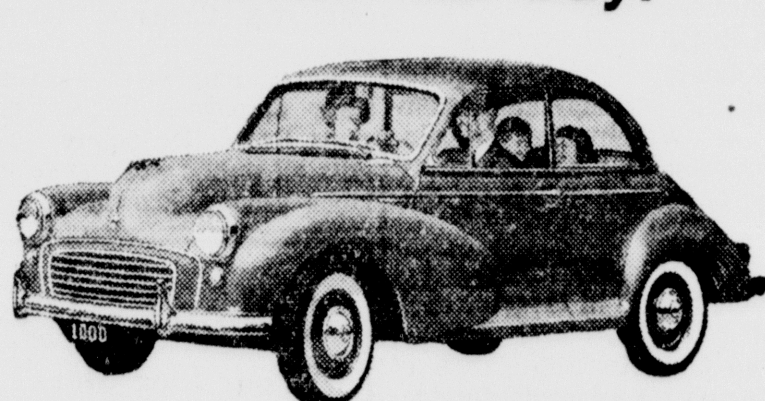

LARSEN—In San Rafael, Jan. 15, 1961. Christian Larsen, a native of Denmark, aged 80 years.

Friends are invited to attend the funeral Wednesday, Jan. 18, at 2 p.m. at Keaton's, Fifth and E Streets, San Rafael. Interment private. (1/16-17)

GAULT—In San Quentin Village, Jan. 15, 1961. Cloyce C. Gault, beloved husband of Effie Gault, loving stepfather of Myron E. Engholm of El Sobrante, loving son of Maggie Gault of Larkspur and the late Audley Gault, devoted grandfather of Rochelle and Leslie Engholm; a native of Iowa, aged 61 years; a member of Washington Lodge No. 28, A.F.A.M.; Cytus Chapter No. 13, R.A.M.; Bethlehem Commandery No. 45, Knights Templar; Zerodathia Council No. 21, Royal and Select Masters, of Washington, Iowa; Calif. State Employees Assn., Chapter No. 21 and San Quentin Mutual Benefit Assn.

Friends are invited to attend the funeral Thursday, Jan. 19, 1961, at 1:15 p.m. at the Harry M. Williams Mortuary, San Rafael, where services will be conducted by Marin Lodge No. 191, F.A.M. Interment Golden Gate National Cemetery, San Bruno. (1/17-18)

### COAST GUARD FOR A CHANGE

Capt. Benjamin P. Clark of San Rafael, commander of the Coast Guard cutter Gresham, tries out picture of President-elect John F. Kennedy in place of that of President Eisenhower prior to departure from San Francisco on a week's duty cruise. The portrait change will be

made Friday—inauguration day—while the Gresham is at sea. It traditionally displays a picture of the United States president. With Clark are Chief Quartermaster Edmond J. Proffer (left) and Cmdr. Robert P. Cunningham, executive officer. (AP Wirephoto.)

### Gas Line Installation Near Completion, PG&E Reports

The installation of three and one-half miles of a \$180,000 natural gas line running from Lincoln Avenue in San Rafael to McNear's Point is nearly complete, announced George M. Henderson, Marin district manager of Pacific Gas and Electric Co.

The project that has been under construction since September will supply natural gas to east San Rafael and adjacent residential areas, Henderson said.

The pipe is being installed in two parts, Henderson noted.

One section of 10-inch and eight-inch pipe extends east-

ward from a Pacific Gas and Electric supply line at Lincoln and Paloma Avenues under Redwood Highway along Jewel, Highland and Summit avenues to Montecito and Margarita Roads. The line continues through Loch Lomond to the intersection of Lochinvar and San Pedro roads where it ties into the existing PG&E main.

The second section of pipe runs northeast along San Pedro Road from Knight Road to McNear's Point Road at the edge of the Marin Bay Development. It continues along McNear's Point Road to the L. P. McNear Brick Co.

### Drowning Ruled As Accidental

The San Francisco coroner's office has ruled as accidental the drowning of Mrs. Helen Marie De Borja, daughter of Mrs. Mary E. Silveira, former trustee of the Dixie District School Board.

Mrs. De Borja's body was found floating in the Palace of Fine Arts Lagoon in San Francisco Nov. 24. A coroner's jury attributed the death to asphyxia from submersion.

Mrs. De Borja's father, the late Anthony F. Silveira, was founder and president of the Marin-Dell Milk Co. She is survived by her husband, Edward De Borja, a salesman for Marin-Dell, who resides in San Francisco.

## Northwest Marin School Districts Vote Next Tuesday On Unionization

Voters in sparsely settled ranch areas of Northwest Marin will go to the polls next Tuesday to vote on whether to unionize the Marshall and Tomales elementary school districts.

Polls will be open from 1 to 7 p.m. at Marshall School and Tomales High School.

Whether or not unionization is approved, officials of both districts say a bond issue for school expansion is coming up soon. Approval of unionization would cut duplication of building programs, school officials of both districts agree.

There now are 23 pupils in grades one through five in the one-room Marshall School. To-

males Elementary School has 107 pupils in grades one through eight.

Ten years ago there were only eight students at the Marshall School. A few years ago, only 50 students attended Tomales elementary classes.

At Tomales, first and second grades have been housed in the recreation hall of the Presbyterian Church for a year, as pupil numbers outgrew the school building. Six attend special classes for retarded youngsters in a rented home.

Upper grade students from Marshall School have been going to Tomales under an inter-district agreement for two years. "It's worked out very

well," said Mrs. John E. Vilicich, a Marshall trustee.

If unionization is approved, younger students in the Marshall area are expected to continue to attend the Marshall School, Mrs. Vilicich said.

Under unionization, the new district would be ruled by one board of trustees, and have one tax rate. The Tomales District now has an 88-cent total rate per \$100 assessed valuation. The Marshall rate is 85 cents. Interim trustees of the new union district, if approved by voters, would be appointed by Virgil S. Hollis, county superintendent of schools, from present members of the two boards. Voters would elect a new board at the regularly

### DEADLINE NEAR FOR ABSENTEE SCHOOL VOTES

The deadline for applying for absentee ballots for the Marshall-Tomales School District unionization election is tomorrow.

Ballots may be obtained by mail or in person at the office of the county superintendent of schools, 317 Fourth Street, San Rafael. Ballots may be voted at the office or mailed to reach the office by Jan. 30.

The election will decide whether the two districts in North Marin will be unionized into one district.

scheduled April 18 school board elections.

Both districts are in Tomales Joint Union High School District.

## Young Robber Gets Sentence

Donald R. Temple, 19, of San Quentin Village, who robbed the Lagunitas Grocery Store at gunpoint last November, was committed to the California Youth Authority by Judge Richard M. Sims Jr. of Marin County Superior Court yesterday.

The youth had pleaded guilty to robbing the store of wine, cigarettes and \$177 in cash on Nov. 29. He was accompanied by four other boys, aged 15 to 17.

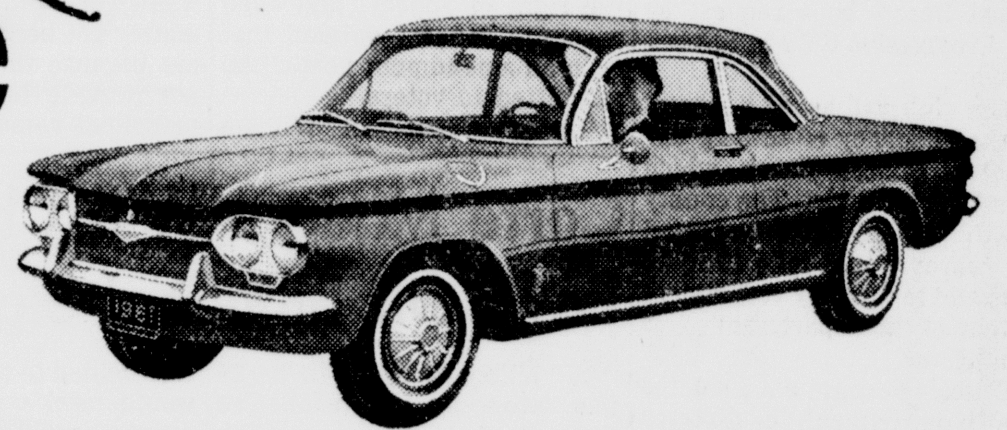

All five were caught an hour later in Novato with the holdup weapons and most of the loot still in their car.

The youth authority will determine how long the boy will be kept in custody and where.

# The Early Bird

## catches the bargain!

SIX GOOD REASONS to GET YOUR '61 CHEVY or CORVAIR

## NOW...THIS MONTH

1. Enjoy extra months of new-car driving.
2. Get more for the car you trade in (the longer you wait the less you'll get for it).
3. Big first-of-year supplies mean outstanding buys.
4. Immediate delivery on most models.
5. Your Chevy dealer's starting fast to outsell 'em all again in '61...with attractive "early bird" bargains.
6. Easy-to-budget "early bird" terms.

### MORE VALUE FOR YOUR MONEY!

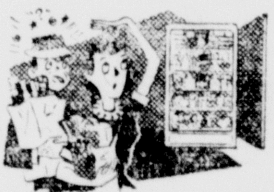

Check the used car guides. Year after year, you'll find a Chevy brings substantially more when you trade it in, too.

Come in today! See for yourself why Chevy sold over a quarter million more cars last year than any other make at any price! Buyers agree: you get a better car...better deal.

### WELL, ANYWAY IT STOPPED TRAFFIC

Workmen painted teeth on the front loader of a bulldozer in Watertown, Mass., and attached a dummy.

It was supposed to be a kind of joke, but so much traffic was stopped that police made workmen take it down. (AP Wirephoto)

## Sewage Study Is Ordered By Supervisors

A policy problem as to county obligations in making sewage disposal surveys for unincorporated areas was tossed into the lap of Supervisor J. Walter Blair last evening for study and recommendation back to the Marin County Board of Supervisors.

This followed presentation to the board by County Administrator Alan Bruce of a report of how other counties deal with such a problem, a question raised Dec. 7 by a request by the Progressive Club of Stinson Beach.

The club had asked a survey of the adequacy of sewage disposal at Stinson Beach, which is in Blair's district. The county health officer later reported the survey would take 10 to 14 days and temporary assignment of four of the department's five sanitarians.

Bruce recommended the health department "be directed to undertake a preliminary survey," presumably to be followed by formation of a sanitation district or annexation to a neighboring district.

Blair was asked to go and have a personal look at Stinson Beach, taking as adviser Public Works Director Marvin W. Brigham.

The board also:

1. Received a letter from the Alameda County district attorney commending Coroner Frank J. Keaton for efficiency in handling a shooting case and in later cooperation in court prosecution. Not specifically identified, the case seemed that of Allen R. Hecht of Fairfax, killed by Oakland police Dec. 23, 1957 while resisting arrest after an Oakland kidnapping hold-up.

2. Told the county counsel and the public works department to investigate a request by United Geophysical Corp. for information about possible geophysical exploration in Marin County.

3. Referred to finance committee a change in investment schedule of county funds totaling \$2,075,000, drawing 3 per cent interest but with withdrawal dates coming up soon; \$75,000 would be transferred into active capital improvements fund to bring it to a new two-million-dollar total.

4. After considerable debate as to whether the Bay Counties Water Problems Committee is worthwhile, let Supervisor Blair volunteer to take over representation vacated by ex-Supervisor Vera Schultz.

5. Let the Marin Redevelopment Agency place a \$5,000 ceiling on cost of burning old Marin City buildings, now under way with County Fire Chief Charles Reilly estimating that the job won't exceed \$3,500.

## Merit System Change Plan Goes To Board

Echo of a recent furor over who was to be laid off in cutting county public works department personnel was heard yesterday when the Marin County Board of Supervisors received a county counsel draft of a proposed amendment to the merit system ordinance.

In his capacity as personnel director, many-functioned County Administrator Alan Bruce said the proposal had been seen and approved by the personnel commission.

He described it as "outlining standards and procedures for reduction in force, including the right of appeal" and cited a county counsel opinion that such an amendment needn't be submitted to voters.

Though Supervisor William

A. Gness moved to send the draft to county counsel, the board finally held the whole matter under consideration for awhile to check details of what was proposed.

Criteria for layoff, demotion or transfer would be based on seniority, ability and qualifications, and previous work record or performance, the draft said, and appeal procedure is outlined. The case which created the trouble involved action by the public works director in applying his own interpretation of who should go when work diminished, and the matter got before the supervisors because the ordinance did not provide for appeal to the personnel commission.

## Corte Madera Will Change Laws On Billboard Signs

A "billboard" sign 12 by 24 feet, proposed for installation in front of the Edgewater Inn, brought an amendment to the Corte Madera zoning ordinance last night which would require council approval of all such signs.

The ordinance now allows final approval by the planning commission.

The 238-square-foot sign, sought by Edgewater Inn owner James Stockman, had been approved by the board of design subject to its meeting the requirements of the zoning ordinance. The planners supported the action of the board of design.

A permit to install the sign, however, was refused by the town zoning administrator, William McBride, on the grounds that Stockman had not agreed in writing to remove the signs now on his property before the new sign went up.

The area of the proposed

sign, added to those already up, would total over 1,400 square feet, according to McBride.

Voting against the proposal of the council to amend the ordinance was Councilman Raymond L. DeYoung, who said he felt "it is not right to aim an ordinance at one particular problem."

"I object to this 'targeting' at an individual," DeYoung said. "I am not necessarily for this sign. But I don't think it is right to do this to a person."

DeYoung agreed, after almost two hours of discussion, to vote "yes" on a motion to submit the amendment to the planning commission "for study and a report."

Absent from last night's meeting were Councilmen William R. Hansen and Albert E. Kogler. Hansen submitted his resignation at the preceding meeting but had said he expected to attend last night.

### Civil Service Event

Mayors Wayne Womack of Novato and John F. McInnis of San Rafael joined Col. Harvey E. Henderson, commander of Hamilton Air Force Base, yesterday in commemoration of the 78th anniversary of the Civil Service Act. Henderson was host at a luncheon at the base observing this week as Civil Service Week.

## Corte Madera Stiffer Leash Law Proposed

An amendment to the Corte Madera's leash law was introduced last night which would require a written complaint by only one person to start action against a misbehaving dog.

The present ordinance requires three persons to complain.

Councilman Roger F. Morse, reporting for the health and welfare committee which was ordered to make a study and come up with recommendations on the animal problem, said he was "against a strict leash law" which would require a dog to be tethered at all times.

### LIABLE FOR ACTION

To warrant a complaint, a dog would not necessarily have to be "vicious or dangerous," but would be liable for action by the poundmaster for being a nuisance.

A nuisance, Morse said, would include barking, walking across private property or knocking small children down—even though the dog were only playing.

The problem caused by the three-signature requirement on complaints, Morse said, was compounded by the fact that "most people don't want to start trouble with their neighbors."

"We don't believe the new ordinance will create a rash of complaints," he said.

### INTER-CITY PROBLEMS

An inter-city problem, which was left unsolved, was raised by Charles A. Lonsford, a non-dog-owner of 204 Baltimore Avenue which is practically on the Larkspur-Corte Madera line.

"What about the dozen or so Larkspur dogs which stop and enjoy my yard every morning?" Lonsford asked. "How will this ordinance help us who live in the 'border states'?"

"And what about cats?" Lonsford suggested, adding that they, too, were a nuisance to him.

"The law will apply to all small animals," Morse reassured him.

## Larkspur Needs Name For New School At Cove

Wanted: A name for Larkspur School District's fourth school, to be built in Mariner's Cove.

A committee appointed to suggest names met last night at Larkspur-Corte Madera School and elected Curtis P. Kamai of 33 El Camino, Corte Madera, as chairman.

The committee, composed of three representatives from each parent-teacher association and three from the citizens advisory committee, asked Supt. Vaughn D. Seidel to have teachers collect suggestions from pupils.

Anyone with an idea for a name should send it to the superintendent's office, 20 Magnolia Avenue, Larkspur, Seidel said.

All suggestions will be considered by the committee Feb. 6 at 7:30 p.m. in Larkspur-Corte Madera School. A recommendation is to be made to the board of trustees Feb. 14.

### Windows Ruined

Someone with a pellet gun shot holes in the windows of a parked car at Santa Margarita School in Terra Linda last night. Frank R. Buckley of 741 Las Colindas Road said he had parked his 1957 sedan about 5:15 p.m. at the school. About 15 minutes later, he found both windows on the right side of the car shattered.

## San Rafael Council Puts Off Decision On Assessment Plan

The San Rafael City Council hammered away at the proposed \$2,728,000 Marin Bay Assessment District for three hours last night, and added about \$300,000 to Latipac-Perini Co.'s "out of pocket" costs.

Despite impassioned pleas by Louis Perini Jr., vice president of western operations of the Perini Corp., the council refused to vote on formation of the district last night. An adjourned meeting was set for 7:30 p.m. next Monday at the city hall.

Council demands or objections to be studied during the week include:

Higher compensation for the city treasurer's office for servicing the 253 bonds over 15 years was asked. Councilman David Menary Jr. said this will cost about \$50,000. The assessment plan set up a \$5,600 fee.

Possibility of a "hold harmless" agreement was suggested by Councilman Menary under which Latipac-Perini would agree to hold the city harmless.

less for any liabilities incurred under the 1911 or 1913 Municipal Improvement Acts (which do hold the city liable in case of developer's default) and in the servicing of the bonds.

Land acquisition costs totaling about \$421,000 for drainage easements and sewer treatment plant and sewer and pumping plant sites were challenged by Councilmen Menary and Fred Jensen. Councilman Louis H. Baar said the land was appraised 30 per cent too high.

In addition Jensen said he wanted the names and bids of the contractors on the assessment district project. Menary said he wanted the assessor's figures on the possibly over-appraised parcels.

Perini told the councilmen he would cut land acquisition to \$165,000 on the spot if they would give him a unanimous vote last night. The council refused.

"I am willing to go as far as we can to compromise,"

### DECISION REVERSAL

## Council Approves Apartment House

By a 3-2 split vote, the San Rafael City Council reversed its own decision last night and granted permission for an apartment house in the Marin Professional Center.

The three-to-two vote followed an hour and one-half public hearing on an appeal by Parker Archer of 1640 Tiburon Boulevard, Belvedere, against revocation of a use permit for him to build a 42-unit apartment on Professional Center Parkway opposite Terra Linda.

Chief opponent of the apartment was Dr. William S. Neal, owner of the Marin Medical Center, who told councilmen they would defeat the purpose of creating an administrative-professional zone by allowing apartments in the center.

Planning commissioners have already held the first public hearing on the creation of such a zone for the city.

Councilmen Louis H. Baar, David Menary Jr. and Fred Jensen voted to give Archer back his use permit. Archer's attorney, Thomas E. Schaaf, said \$6,000 had been spent on plans for the apartment since the city planners granted a use permit on July 26.

On Nov. 22, the city council, on appeal by Dr. Neal and learning that the area might be rezoned to administrative-professional use, directed the planners to revoke the use permit.

"Our recommendation to the planning commission not to grant any more use permits for apartments in this area still holds," declared Mayor John F. McInnis, who voted with Councilman Charles W. Aby against the permit.

The council accepted the bid of \$3,583.73 by the Ewing Turf Products Co. of San Francisco for pipes, sprinkler heads and controllers for an automatic sprinkling system to be installed on Albert Field. Four bids—three of them not for the complete number of parts—were received. The system will be installed by park maintenance crews by the middle of February, Recreation Director Joseph Rodota estimated.

The basement offices of the police department will get a \$1,600 refurbishing during the next three weeks as a result of council approval last night. Mayor McInnis indicated that

he hated to spend money on the old building when the city might get a new city hall, but it was necessary now.

Included in the project is repainting of the department's six rooms, addition of a new squad room, soundproofing of the interrogation room and construction of cabinet doors for many of the open cabinets so that evidence may be locked away.

Councilmen established nine precincts in Terra Linda for the annexation election on March 7. City Clerk W. L. Morgan reported the precincts are the same as used in the Nov. 8 election except that Terra Linda Oaks No. 9 will have a polling place of its own this time. Councilmen learned that in an annexation election three instead of four election officials are required at each poll.

In other action last night, the city council:

1. Rezoned Glenwood Unit 4 and Seaview Estates Units 1 and 2 from planned community to single family residential to conform with the rest of Glenwood.

2. Authorized the Park and Recreation Department to have the Robinson Drive and Maplewood Drive sites appraised to determine which should become the park for Glenwood.

3. Changed the name of Locksley Lane East to Bonnie Banks Way in Loch Lomond because of confusion with Locksley Lane West.

4. Set a public hearing for Feb. 6 on an appeal by Dewey Staggs of 85 Meernaa Avenue, Fairfax, against the planning commission's denial of his application for an auto wrecking yard at 41 Lisbon Street.

5. Designated the east frontage road along Highway 101 in Terra Linda as a through street, thus authorizing stop signs for Joseph Court and Professional Center Parkway.

6. Approved stop sign placement for eastbound traffic on Laurel Place at Wilkins Street.

7. Authorized two-hour parking on both sides of Irwin Street between the Lincoln Avenue extension and Francisco Boulevard. There is no limitation now.

8. Hired Modesto Lamperti of 42 Ross Valley Drive, San Rafael, as an assistant building inspector on six months probation, and Sharon Ghilotti, 19, of 48 Hawthorne Avenue, San Anselmo, as a typist-clerk in the planning department at a monthly salary of \$288.

### At Army College

Army Maj. John L. Armstrong, 39, of 54 Meadow Drive, Mill Valley, is attending the 16-week associate course at the Army Command and General Staff College, Fort Leavenworth, Kan. The course is scheduled to be completed May 4.

## Novato Holds Discussion Of Master Plan

Novato city councilmen and planning commissioners unofficially headed in the same direction on plans for a new master plan for the city, after informal discussion last night.

They had been heading in opposite directions over appointment of some 70 citizens to 10 committees. Planners had thought the committees were to aid in study of the master plan, now scheduled to start at a special planning commission meeting at 8 p.m. Feb. 1 in the city hall.

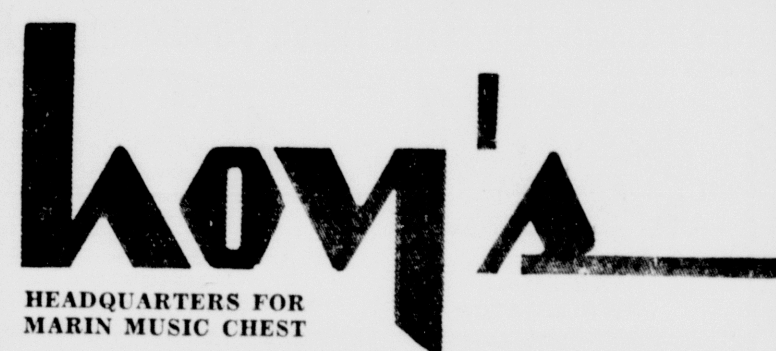

### ON MASTER PLAN

City councilmen had envisioned the committees primarily as working out ways of implementing the master plan, when completed, and reporting back to the council.

Summing up an hour and a half of discussion last night among six planners and two councilmen at the city hall, City Administrator J. Julien Baget suggested appointing a series of committees to begin work with planners Feb. 1. These committees would then be disbanded, and further ones appointed to work out details of financing and long-range programming to bring the plan to reality. Some citizens would serve on both committees.

Mayor Wayne Womack and councilmen M. E. (Babe) Silva unofficially agreed that the planning commissioners should sit in on appointment of the committees, after a plaintive request from Harley McCaskill, head of the planning commission.

A two-hour council session on committee appointments last week was a secret executive session. Another hour session, planned last night before the public council-planners meeting, was called off until both groups could agree on committee uses. In addition, only two councilmen were at the meeting, not enough for a quorum.

# 'No Further Sign Of Life' Reported At Sunken Tower

## Tappings Spur Rescue Attempt, Then Fade Away

NEW YORK (AP) — Salvage workers reported today that there was "no further sign of life" from the sunken wreckage of a radar tower which collapsed in the sea Sunday night.

Salvage rescue operations were resumed at 6:30 a.m. At 8:20 a.m. the Coast Guard here was notified there was nothing more to indicate anyone might be alive in the underwater debris.

### TAPPINGS HEARD

Tappings resembling the work of humans had been heard from below the surface yesterday, giving rise to hope that some of the 28 men aboard the tower might have survived in an airtight compartment.

A sea search of the area was abandoned and rescuers concentrated on salvage and diving operations at the tower site, 70 miles southeast of New York City.

The so-called Texas tower was wrecked by high winds and stormy seas. One body has since been recovered and another sighted but lost.

### NOT HEARD AGAIN

Rescue operations had been dramatically spurred when the tappings and a sound which was likened to a human voice were heard coming from the tower.

Then the rappings faded, stopped—and were not heard again.

"A realistic view," said the Coast Guard, "must be that the men in the tower are no longer alive."

During the chill black night, a flotilla of salvage and search vessels hovered near the spot where the tower stood guard as part of the Air Force's early warning system.

While searchlights and flares played eerily over the scene, teams of divers plunged into the 48-degree seas in attempts to reach the main quarters of the tower's ship-like hull.

Officers believe the tower was in an upright position, more than 50 feet below the surface. Luminescent objects, believed radar domes, were spotted by a diver yesterday.

CALLING DICK TRACY

St. Louis Patrolman Herman Ubben inserts batteries into the receiver of a miniature two-way radio being tested for use by the police department. The transmitter (standing) is worn on the belt. The complete set weighs about 14 ounces, and has a range of about five miles. It costs \$672. (UPI Telephoto)

## Marin Airman Remembers How Texas Tower Shook

The airman who served on the Texas tower radar installation that sank Sunday in the Atlantic used to call it "Old Shaky" and joke that it would fall—but none of them believed it would.

The recollection came with a chill today to S/Sgt. Edwin R. Relation of San Rafael, who served 365 days on the tower and is now stationed with the 666th Aircraft Control and Warning Squadron atop Mount Tamalpais.

The Texas tower, said Relation, "was built to sway and so it swayed all the time, even in calm seas. We used to call it 'Old Shaky.' We used to joke around, saying this thing's going to fall, but of course

none of us believed it."

After a few days on the tower, "you got used to the motion," said Relation.

The airman, a Vermonter, is married. He and his wife live at 742 Francisco Boulevard.

Home life was different aboard the tower.

"Once a week we got food by boat," he related. "Helicopters transported us back and forth."

"We used to fish for sharks and codfish. We weren't allowed to swim. We used to take lifeboats over the side for a 'dry run'—called 'man overboard drills.'"

There was another name for the tower, said Relation: Jolly House No. 4.

## Soviet Says U.S. Vessel Annoyed Ship

MOSCOW (UPI)—A Soviet ship claimed it was "pursued" and "molested" for 25 minutes today in the Arabian Sea by a destroyer flying the American flag.

The official Soviet Tass news agency said word of the incident was received in a radio-gram to Moscow from the captain of the Soviet motor vessel Andreyev.

The radio message said the destroyer Ingraham molested the Soviet vessel for 25 minutes and twice approached to within one cable length.

It said the destroyer approached the Andreyev flying the American flag and "bearing the number 694 on its side."

## It'll Be Stop, Go On Madera Boulevard

A traffic signal at Tamalpais Drive and Madera Boulevard got the green light last night from the Corte Madera Town Council.

The engineering firm of George S. Nolte was ordered to submit plans and specifications for a four-way, fixed-phase signal for the intersection. No estimate of cost will be given until the specifications are completed. The budget allows \$8,000 for the project.

Town Manager Arthur H. Brandow estimated a fixed signal, instead of one actuated by vehicles passing over pressure plates, would save the town about \$2,500 on initial installation.

Over-sized conduits were ordered, however, so an actuated system could be installed later if deemed advisable.

The council approved an or-

dinance making a one-way westerly thoroughfare of the strip behind the free-standing curb on Tamalpais Drive between Madera Boulevard and Sausalito Street.

Although no decision was reached last night, councilmen were in agreement that street lights along Tamalpais Drive be increased from their present 2,500-lumen output to 20,000 lumens. The 15 lights now cost the town \$295 a month to operate. Installation of the 20,000 lumen lights would add a total of \$86 a month to the bill, Brandow said.

Final decision on the lights was held over until Pacific Gas and Electric Co. submits an opinion as to whether larger lights should be installed.

Rezoning of a lot in Fifer Industrial Park failed to gain

Independent Journal, Tuesday, Jan. 17, 1961 9

final approval due to the absence of Councilmen William R. Hansen and Albert E. Kogler. At the previous meeting, the council approved, by 4 to 1 vote, an ordinance approving the re-zoning from industrial to commercial. Voting against was Councilman Raymond L. De Young.

Town Atty. John B. Ehlen said a 4-to-1 vote is required for passage of such measures. De Young refused to approve the re-zoning last night, but voted "yes" to reconsider, virtually assuring its passage at the next meeting when the other members are present.

In other action last night, the Corte Madera council:

1. Elected Mayor Edward H. Colthurst as town representative to the Assn. of Bay Area Governments and approved San Rafael Mayor John F. McInnis as county representative to the executive committee of the organization.

2. Approved a planning commission recommendation that a small piece of property on Frontage Road formerly occupied by the Circle Drive-in should not be re-

## Teachers Ask More U.S. Aid For Wages

SACRAMENTO (UPI) — A group of Northern California teachers voted again Saturday in favor of increased federal aid to increase teachers' pay.

About 300 members of the northern section of the State Teachers Assn., representing 21 northern counties, beat down opposition to their stand.

## Ingomar Confident He'll Kayo Floyd

NEW YORK (AP)—Ingomar Johansson has a secret and he's not telling a soul.

"I know for sure what I did wrong in my last fight with Floyd Patterson," he said today, "but let it be a secret with me."

Then he proceeded to list an armful of reasons why Patterson won the heavyweight championship from him with a fifth-round knockout last June 20.

1. He fought too many exhibitions after winning the title from Patterson in 1959, and that made things too easy for him.

2. He lost six pounds the night before the fight and en-

tered the ring at 192. This time he wants to hit 196 or 198.

3. Anyhow, it was a sucker punch that caught him on the button.

Johansson arrived last night from Paris, and will attend the New York Boxing Writers dinner tonight where Patterson will get the "boxer of the year" award.

Then he heads for Florida to look for a training camp. The third go in their series is scheduled for Miami Beach on March 13.

"I've looked at the films of the fight many times," said Johansson, "and I still don't know how I ever got caught with that punch. It never happened to me before and I don't intend to let it happen this time."

"After all, I knocked Floyd out once and stunned him in the second fight. I'm sure I'll win this one. I've knocked him out a thousand times in my dreams and I know they'll come true."

Maybe the dreams told him what round he would finish Patterson?

"Nope," he answered. "I can't tell what round it will be. But I know I'll beat him."

Ingo said he had been boxing seven or eight rounds a day and doing five or six miles of roadwork a day for the past two months.

"Now," he observed, "I'm ready to start serious training."

## West Stress Of Defense Is Criticized

SAN FRANCISCO (AP)—Criticism was leveled yesterday at the tight defensive brand of basketball played by Northern California teams.

San Jose Athletic Director Walt McPherson said, "With so many teams using ball control in this area, I'm afraid that unless we get more balanced games, we may suffer at the gate."

McPherson spoke at a weekly luncheon of basketball coaches and writers.

The remark drew immediate disagreement from Pete Newell, defensive master who has coached at the University of San Francisco, Michigan State and the University of California. He is now Cal's athletic director.

"I think the good defense played around here is not just the result of keeping the ball. The high-scoring teams meeting a control team have trouble getting the shot away without five or six passes, whereas against other types of teams they may shoot after only one or two passes," Newell said.

The group named John Hendry, a Stanford senior, and Bill Yonge, a San Jose State sophomore, "players of the week."

## Raiders Trim Owner List, Add Three More Players

OAKLAND (AP)—The Oakland Raiders of the American Football League had five less owners and three more players today.

The ownership change, climax to front office bickering among the eight original owners, followed a warning by AFL commissioner Joe Foss that the league was ready to take over the franchise.

Three local businessmen, Edward V. McGah, F. Wayne Valley and Robert L. Osborne yesterday bought out the other five owners. Selling out were Y. Charles (Chet) Soda, the original Oakland president and general manager, Don Blessing, Charles Harney, Wallace Marsh and Roger Lapham Jr. They reportedly took a loss of \$48,500 each on their one-year investment.

The new owners promptly announced that Eddie Edelezat would return as head coach and that the team would play in Candlestick Park in San Francisco next season.

It was estimated the club lost

\$400,000 last season while finishing fourth in their division of the AFL with a 6-8 record. They opened the season in Kezar Stadium, San Francisco, but played their final three games at Candlestick Park. Attendance was slightly higher for these games.

The new owners expressed the hope that a major stadium would be built in the East Bay so that the Oakland team soon could play closer to home.

The Raiders won a minor skirmish with the National Football League yesterday by signing ends Gerald Burch of Georgia Tech and Bob Coolbaugh of the University of Richmond.

The club also signed O Neal Cutery, former San Jose State halfback, as a free agent.

**HIS BIG DAY**—It was a big day for Mickey Mantle yesterday as flanked by New York Yankee general manager Roy Hamey, left, and team manager Ralph Houk, he signed his 1961

contract in the team's office. Mantle's new contract reportedly calls for \$75,000, making him the highest paid player in the American League. (AP Wirephoto)

## Kansas Upset In Big Eight; Iowa Rolls On

By ASSOCIATED PRESS

Kansas State was all alone at the top of the Big Eight basketball conference today after Oklahoma State's Cowboys rode herd on Kansas and knocked the Jayhawks out of first place.

Tenth ranked Kansas State, beaten in a playoff last spring by Kansas for the right to enter the NCAA tournament, is primed to meet Kansas in a major showdown Friday night on the Jayhawk court at Lawrence. Last month in the Big Eight tournament, K-State beat Kansas in overtime in the finals, 69-66.

**COACH'S SON STARS**

The tight defense and controlled offense of Coach Hank Iba's Oklahoma State crew paid off last night at Lawrence, and it was the coach's son, Moe, who clinched the 54-49 decision.

With the Cowboys leading only 50-49 and 34 seconds left, young Iba sank two free throws and Kansas was done, suffering their initial conference defeat after three victories.

Two of the top 10 teams in the Associated Press poll saw action, with fourth-ranked Iowa coming from behind in the last half to beat Illinois 78-71 in a Big Ten Conference game. Iowa, now 12-1 for the season, remains in the Big Ten lead with a 4-0 mark.

**CAROLINA WINS**

North Carolina (No. 6) ran up its ninth straight victory for an 11-2 overall mark by downing Maryland 58-52 in an Atlantic Coast Conference tilt.

Mississippi State took over undisputed lead in the Southeastern Conference (4-0) by defeating Georgia Tech 62-61 in overtime.

Vanderbilt, which had an 11-0 record before losing Saturday to Mississippi State, dropped a second straight conference game when Mississippi beat the Commodores 74-72.

Wake Forest poured it on in the last 10 minutes of an Atlantic Conference game to bury Clemson 86-85, and give the Deacons a 7-1 league mark behind Duke and North Carolina.

**COLORADO UPENDED**

Colorado, which had been 2-1 behind Kansas and Kansas State in the Big Eight race, dropped a 56-47 decision to Oklahoma.

The Texas Longhorns, in a three-way tie with Texas A&M and Texas Tech for the Southwest Conference lead, took over sole possession of first place by downing A&M 81-76.

Minnesota scored its first Big Ten victory by downing Northwestern 66-54. Michigan State also took its first conference decision by downing Michigan 81-69.

"WHERE SERVICE IS A MATTER OF PRIDE"

## \$100,000 For Mickey? The Yankees Hope So

NEW YORK (AP)—Is Mickey Mantle going to be baseball's next \$100,000 a year baseball player?

"We hope so," said General Manager Roy Hamey of the New York Yankees after signing his star centerfielder to a \$75,000 contract yesterday. "We'd like nothing better than to pay—that is, if Mickey shows he's worth it."

"I don't doubt he will. Casey Stengel always insisted the boy was going to make it."

Mantle's new contract is the best he has signed in his 11 years with the Yankee organization—a \$10,000 hike over the reduced wage he got last year.

Mickey, 29, said he felt he had not reached his real potential as a player. "I don't remember when I have felt better at this stage," he said. "I ought to have my best year."

He added that he had disposed of a Dallas bowling alley, which caused him some concern last year, and had divested himself of all outside interests which might take his mind off baseball.

"I still have a small hand in a motel (Joplin, Mo.) and a boat company (Henderson, Tex.) but I'm letting other people worry about them," Mickey said. "I have no other business now but baseball."

At \$75,000, Mantle is the

highest paid performer in the American League and only a notch behind the National League's top-salaried star, Willie Mays of the San Francisco Giants, at \$85,000.

Mantle, who struck out 125 times last season but hit 40 home runs, said his aim was to cut down on strikeouts and build up his batting average, which fell to .275.

"I think I can do it by chocking up on the bat and not trying to kill the ball on the third strike," the switch-hitting centerfielder said.

At a news conference the crewcut Oklahoman parried questions deftly.

What did he think about the Yankees' new manager, Ralph Houk?

"A manager can't hit and run for you. He can only command respect. If he has the team's respect, he can do all right, and I think Houk has everybody's respect. They'll try to win for him."

And about Casey Stengel?

"He was a good manager. Everything he said about me, I deserved."

What about shifting to a strictly right-handed hitter?

"No. I had a bad year batting left-handed last season but I can still bat left-handed. I'll continue a switch hitter."

## IRKED BY FULLMER

## Sugar Ray Hurls Challenge For Fight To The Finish

LAST VEGAS, Nev. (AP)—Middleweight challenger Sugar Ray Robinson, very much disturbed by hints that Gene Fullmer is looking past their

Feb. 25 title fight here, says he wants to battle the champion in a "fight to the finish."

Steve Ellis, a personal representative of Robinson, said yesterday the aging Sugar Ray has become angry over Fullmer's promise to meet Paul Pender for the championship after he disposes of Robinson next month.

Robinson's plan was proposed to prevent a repetition of the disputed draw decision he and Fullmer fought Dec. 3 at Los Angeles.

"If the fight ends in a draw after 15 rounds, Robinson would like it to continue either to a knockout or until one man has a decisive advantage in a round," Ellis reported.

Nevada boxing commissioners Jim Gay and Jim Deskin, on hearing of Robinson's idea, reported the state commission's rules prohibited such an arrangement but state boxing laws did not. He added the commission had the power to amend its own rules.

## Dark Says He'll Be The Boss When Ball Club Is On Field

Unless Alvin Dark, new manager of the San Francisco Giants, is a hard guy with a soft heart, the 1961 season should see a lot of startling changes in management, personnel discipline and abuses commonly called "prima donna maneuvers."

At his second press conference, the new skipper of the Giants acted like a dead game guy who seemed bent on putting the Giants' house in order.

What a boon, what a clean-up Dark could bring to baseball here, if he can only put across the many sound principles he advocates.

Dark, 37, is embarking on a managerial career fully aware of its dangers, and fully satisfied that he, and he alone, will direct the ball club on the field. "I have full authority to discipline players and to select the players I feel are, in my judgment, best suited to play. In no way do I expect anything but cooperation from owner Horace Stoneham," said Dark.

Before a turnout of 200 scribes, TV and radio broadcasters and cameramen, the Giant manager never once was at a loss for words.

Some of the highlights from the interview include:

1. There will not be a team captain.

2. Dark, and not any batting coach, will advise his players as to the proper stance, etc.

3. Whitey Lockman will supplant Wes Westrum as first base coach; pitching coach Larry Janssen will be in the dugout and not in the bullpen as is the usual location for pitching coaches. Salty Parker will be third base coach.

4. There is a strong possibility that Jose Pagan and Eddie Bressoud will lock horns for the shortstop job.

5. Bob Schmidt will be assigned the first string catching job with Hobbie Landrith as alternate.

6. Felipe Alou will be the right fielder for the Giants and Dark predicts he might become the outstanding right fielder in the National League in 1961.

7. Asked who he thought was the best player in the National League, Dark unhesitatingly named Willie Mays.

8. Prodded about weak hitting infielders, Dark said no .220 hitters could be regulars with the Giants.

9. No members of the 1961 Giants will be asked to play the full 154 game schedule. Dark believes baseball has changed and the platoon system must apply.

10. Mike McCormick, the youthful Giant southpaw, will pitch against every ball club that comes to S.F. Dark favors Mike at home.

11. Davenport has third base nailed down if he is in shape. Otherwise Harvey Kuehn, recently acquired from Cleveland, will alternate there and in the outfield.

12. Willie McCovey, if he can come back to his 1959 form, will be on first base. And if he doesn't, Orlando Cepeda or Kuehn will be stationed there.

13. Eddie Bressoud, if he isn't ailing, should be the regular shortstop but Dark has been studying Joe Pagan's minor league record and thinks the youngster is ready for the big time.

14. Dark has had private talks with several big league managers and is prepared to cash in on their advice as to handling players. In his chat with ex-Giant pilot Bill Rigney he has a first line on what players on the club have sufficient courage to stick. He knows those who need stimulating and those who do not.

15. Quizzed on whether he planned on restoring himself

CONNOLLY

ALVIN DARK  
At conference yesterday

to the status of an active player, Dark stated decisively "no." But if an emergency arose, he could be drafted.

16. Dark definitely will not coach on the base lines.

17. The much maligned bunt and its application to present day baseball was discussed and Dark defended the bunt as a percentage play that he plans to use.

18. Dark has no definite bullpen or relief pitchers as of now but believes Sam Jones, Jack Sanford, Billy O'Dell and even Mike McCormick could be used in the pinches.

19. Joe Amalfitano, utility infielder, definitely is counted on for help in 1961 and the same goes for pitcher George Maranda of Tacoma who will be taken to the Phoenix camp.

20. Don Blasingame, according to Dark, will pick up over his 1960 play and restore himself to a top flight infielder status.

21. Orlando Cepeda, Willie Mays and Felipe Alou, with Harvey Kuehn and Jim Marshall as alternates, are ranked as regular outfielders.

The most heartening news of the lengthy press interview was Dark's insistence that he had been given full control of the 1961 Giants.

"I am the field boss for the Giants, on the word of Horace Stoneham," Dark declared.

There are no deals for any other players in the offing at the moment and outside of another pitcher or possibly a third string catcher, the Giants, according to Dark, are set.

"We'll work harder this spring to restore the fans' confidence in our players," Dark said.

## San Francisco Scribes Pick Hanley For Office

SAN FRANCISCO (AP)—Walter Judge of the San Francisco Examiner was elected chairman of the San Francisco Chapter of the Baseball Writers Assn. of America.

Bob Stevens of the San Francisco Chronicle was named vice chairman and Jack Hanley, San Rafael Independent-Journal columnist, secretary-treasurer.

## ACTION ON TAXES

Property taxes in Marin County have increased over 120% in five years. This confiscatory trend with minor limitations under present tax laws is causing concern.

Your Marin County Taxpayers Association is recommending that an ordinance be passed so that not more than 25% of the gross tax levies of the county (including schools and special districts) exclusive of bond redemption and interest may be raised by real and personal property taxes. A gross transaction tax of not over 2 1/2% would be one fair way. Undoubtedly there are many other equitable methods to accomplish the desired aim of spreading taxes more evenly among all citizens of the county.

We believe this would make it possible for thousands of people working in Marin but living and spending their earnings outside to live here, it would create a demand for new homes. It would definitely stop businesses from moving out of the county because of unbearable high property taxes. It would bring new business and industry to the county and save home owners, farmers and businessmen approximately one half of the present taxes they are paying.

The power to tax is the power to destroy. We urge all voters to help keep this power in your own hands for your own future welfare and that of your children.

In unity there is strength. Now is the time for you to become actively associated with your Marin County Taxpayers Association.

Send your \$2.00 associate membership dues to —

## MAN ON THE JOB

### Club Vitally Interested In Pending Legislation

This year is a legislative year and scores of fish and game bills will come before the California legislature.

The Marin Rod and Gun Club is vitally interested in legislation pertaining to fish and game laws. Our organization is represented by the California Wildlife Federation, which has hired George Difani as representative to represent the sportsmen for the coming session.

Difani, is well known in Marin and has done an excellent

job for the sportsmen over the years. Our legislative committee will work with Difani.

Here's how CWF's major program shapes up:

- 1—Support regulatory powers for the Fish & Game Commission.
- 2—Give commission control over commercial fisheries.
- 3—Support pre-season archery deer shoots.
- 4—Investigate advisability of retaining present refuge system.
- 5—Use Tidelands Oil Funds for enhancement of fish and wildlife on a non-reimbursable basis.
- 6—Include State of California as owners of dams in the state Water Code and insist state projects adhere to code.
- 7—Back an access bill for a two-year interim study.
- 8—Designate District 19A (Santa Monica Bay) as a recreational area.

The secondary program covers a wide range of subjects, many of which are aimed at commercial fishing in Southern California.

Those affecting Northern California include:

Repeal Section 3806 of Fish and Game Code allowing waterfowl feeding; abolish Refuge 1-R (Tuolumne County); specify big game hunting rifles must have minimum .24 calibre and minimum energy of 1000 foot pounds at 100 yards (similar to present Utah law).

Allow hunting and fishing on reservoirs under control of State Division of Beaches and Parks wherever public use is not impaired; oppose use of Fish and Game funds for predator control, and revoke commercial fisherman's license for one year if he's arrested three times within two years for fish and game code violations.

## Boat Owners, Take Notice

The new boat ramp on the club property at Point San Quentin is now under construction. The contractor is Duncan and Harrelson. According to their engineer we will be without our boat ramp for at least 60 days.

When it is near completion we will have to build a new boat dock or float. The keeper will gladly take your name and phone number as a willing worker. Let's all sign up and give a hand. We will let you know when we shall start constructing the new float.

BOAT RAMP CHAIRMAN

## Rules To Stay About The Same

Except for minor changes, 1961 sport fishing regulations enacted by the California Fish and Game Commission in Los Angeles Dec. 9, will look very much like current regulations.

Trout season opens in most of the state north of the Tehachapi on Saturday, April 29.

## Big Day Is Coming Soon For Members Of Auxiliary

Tuesday, Jan. 24, will be an important evening in the Auxiliary calendar. First, the birthday dinner, for which reservations must be by the 20th of January. Helen Marzetta is chairman and her committee is working diligently to make this a memorable affair, because at the meeting following the dinner will be installation of officers for 1961.

Peter Bertoni, who has just completed a successful year as president of the Men's Club, will be installing officer for the Auxiliary. Carolyn Lato will be stepping down after two successive years as president and Ella Mae Santos will be taking the gavel for this year.

Vice president will be Regina Murray, secretary, Helen Marzetta; treasurer, Lane Harrington, and directors Elsie Ware, Vivian Ritlaw, Lucyle

Manning, Barbara Hewitt, Helen Schacht, Mildred Brog, Marie Hogarty and Lea Lamperti. Virginia Sapp will serve as sergeant-at-arms.

Helen Schacht, rifle range chairman, is having two meets this month, one last Saturday the 14th, and the next Saturday the 28th, at the San Quentin rifle range.

It has been a busy and active year for Auxiliary members, and plans are in the making for an active 1961.

## Plans Take Shape For Stag Banquet

800 Are Expected To Attend  
Big Gathering On Jan. 28

Calling All Sportsmen!

The thirty-fourth annual banquet and vaudeville show will be held on Saturday evening, January 28 at 7:30. The affair will be held at Bermuda Palms, San Rafael.

Plans are being made to host 800 at the banquet—Northern California's largest yearly gathering of sportsmen. Sportsmen from every section of Northern with state, county and city officials, Fish and Game personnel and sports writers.

Every effort is being made by Gordon Dixon and Leo Ciucci, co-chairmen, and their committee to make this banquet the greatest.

"Monty" Marzetta has lined up the finest array of entertainment to be presented for the two-hour show. He has booked the show which is headed by master of ceremonies Bill David "Mr. Everybody," the best in show business. His subtle humor and impressions of stars is without parallel. He is also talented with a rich baritone voice that has thrilled thousands and has been featured throughout the country.

Bob Haskell, comedy sleight of hand artist of TV has many clever and entertaining routines which he has the customers participate in, amusing the entire audience.

Genie Stone, statuesque song stylist, dancing star and vocal sensation who has appeared with Harry James, Jimmy Dorsey, Ray Hackett, Ernie Hecker dance bands. She has appeared in the better hotels, night spots and T.V. appearances.

Bob King — ventriloquist, combining song and comedy. He uses four characters, the "Personality Kids," that will keep you rolling in the aisle.

The Wheelers — Marimba Trio, of international recording stars. This is stage, television and radio's top performers that are definitely different. This act alone could take up a whole evening and present the finest in novelty entertainment and fine music.

The chairman is still looking for additional good acts to add to the above program.

Jack Seltnerich and his orchestra will play before the show and accompany the entertainers. Seltnerich is one of the bay area's leading orchestra leaders and conducts many leading musical shows in the bay area.

Your committee asks you to secure your tickets now — they're going fast. Tickets may be secured from Secretary Paul

Ware, 14 Taylor Street, San Rafael; Bianco's Garage, Western Sport Shop, Lincoln Bait Shop; West End Market; Independent-Journal; Redwood Sport Shop; Schaeffer's Sport Shop, San Rafael and Jim's Sport Shop, Novato.

E. A. Peters is chairman of the Souvenir Program, which will be published and distributed to each one attending the banquet.

**GENERAL COMMITTEE** — Gordon Dixon, Leo Ciucci, Monty Marzetta, William O'Shaughnessy, Paul Ware, Ray Soldavini, Jack Phillips, Charles Graham, Jerry Moon, John Carminati, Ernie Mellen, Fritz Johansen, Leo Del Santo, Floyd Middagh, Nick Marzetta, Paul Jones, Jack O'Connell, William Fahle, Len Haussler, Dr. Gail Adams, Babe Dahl, Earl Dixon, Steve Lato, Bob Friman, Harold Hewitt.

**PRIZE AWARDS:** "Babe" Dahl, Monty Marzetta, Nick Marzetta, Steve Lato, Gene Thompson.

**DECORATIONS:** Jack Phillips, Fritz Johansen, Nick Marzetta.

**STAGE AND PUBLIC ADDRESS SYSTEM:** Leo Ciucci, Ernie Mellen.

**TICKETS:** Paul Ware.

**ENTERTAINMENT:** "Monty" Marzetta.

**RECEPTION:** Gordon Dixon, "Monty" Marzetta, Curley Cornwell, Pete Bertoni, Al Ferrari, Wm. Fahle, Bill Scoville.

**ENTERTAINMENT SPECIAL GUESTS:** "Babe" Dahl, Barney De Bisschop, Leo Del Santo, Ernie Mellen, Len Hausler, Leo Ciucci, Dr. Gail Adams, Sil Ruffini.

**SOUVENIR PROGRAM:** E. A. Peters, Peter Bertoni, Paul Ware, Leo Ciucci, Ernie Mellen, Steve Lato, Babe Dahl, Barney De Bisschop, Fritz Johansen, Leo Del Santo, Paul Jones, Floyd Middagh, Al Ferrari, Gordon Dixon, Sil Ruffini, John Sterling, Max Shapiro, Bob Friman.

**POLICE AND TICKET COLLECTING:** Floyd Middagh, Paul Jones, Ray Soldavini, Ernie Campobelli.

**SPECIAL EVENTS:** Steve Lato, Al Ferrari, Ray Cerutti, Harry Cerutti, Norman Soldavini, Fritz Johansen, Bob Fagg, Harold Hewitt, Bob Friman, Leo Del Santo.

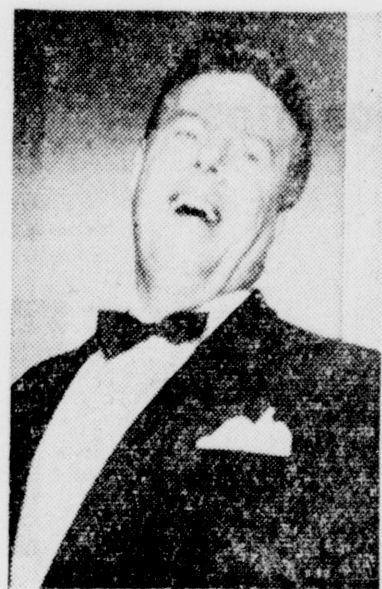

**CASHIERS:** Roland Hellman, Peter Wikel, Bob Fogg, Paul Ware.

**TOASTMASTER:** Jack .P. O'Connell.

Don't forget — Now is the time to purchase your tickets—Let's Go!

**GETTING READY** — Gordon Dixon, right, and Whitey Litchfield talk over menu plans for the Marin Rod and Gun Club's annual stag banquet, to be held Jan. 28 and expected to attract 800. Dixon is chairman of the banquet committee — and also the club's "director of the month" for January.

## Dixon Picked As Director Of Month

"January Director of the Month" is Gordon Dixon, a man who was president for 2 years. He also was secretary of the club for many years. Gordon has worked long and tireless years for a bigger and better Marin Rod and Gun Club.

He has served and worked on all of the club's committees. Gordon is our chairman of the stag banquet, this is another job that he has been doing for a number of years, and with wonderful results. So why don't we say "good job, well done Gordon," and make this stag banquet a sell out, for him.

P.S.: I hear the tickets are going fast, so I would say hurry and get yours now.

**EMCEE** — Slated to handle the master of ceremonies duties at the annual Marin Rod and Gun Club stag banquet is Bill David, versatile showman known for his baritone voice, humor and impressions. The banquet is scheduled for Jan. 28 at 7:30

## Jurist To Install New Officers At Jan. 20 Meeting

Judge Leonard Thomas, Marin County jurist, will officiate at the installation of the officers for 1961 for the Marin Rod and Gun Club on Friday, January 20 at the clubhouse, Point San Quentin at 8 p.m.

"Babe" Dahl, who served as vice president during 1960 and apprenticed as Pier Chairman for a more rugged task, becomes President, and Steve Lato becomes vice president. Paul Ware, Sr., was retained as secretary and Roland Hellman stays on as treasurer.

Directors: Leo Ciucci, Steve Lato, Al Ferrari, Barney De Bisschop and Bob Fagg were elected for a two year period. Sil Ruffini, Ernie Mellen and Gordon Dixon are holdover directors who will serve on the board for another year.

Richard Boswell, chairman of the Pacific Inter Yachting Association's Delta Committee, will tell of the fight in progress to prevent the corps of army engineers from denuding the Delta's levees. This has become one of the most controversial conservation programs in recent years and everyone who uses the waters of the Delta for recreation should attend to hear how this region may be stripped of its benefits.

The support of all outdoor enthusiasts is needed to preserve this heritage. Alan Johnstone, president of the PIY, will also be present to tell how each of us can help in the fight.

Every sportsman is urged to attend this meeting, especially all boatmen. A special invitation is extended to power boatmen and yachtsmen to hear the plans of the Army Engineers regarding the waterways of the Sacramento and San Joaquin rivers. Over 1000 miles of scenic river waterways can be affected by the engineer's decision to cut all the trees and foliage from the river levees.

Come and bring your friends — refreshments will be served.

## Rifle Class Halted As Range Lost

The rifle training program of the Marin Rod and Gun Club Junior Rifle Club has come to a standstill.

Last Thursday evening, the shooting range in the basement of the College of Marin was closed by the trustees of the district.

The move was made after a report was read, which stated that the building was unsafe on account of the lack of the necessary fire exits, both in the gymnasium and the basement of the building.

It is hoped that the necessary exits can be placed and the building open for use.

Several thousand Marin boys and girls have been taught the safe handling of firearms along with the N.R.A. rifle course, over a 10 year period.

A total of 26,454 juniors received Hunter Safety Training in 1960, to bring the total of juniors trained in California to 185,708 since the program started in 1954.

There were 3,076 certified volunteer safety instructors in the state by the end of 1960.

Warren Zimmer, board member. New members pictured from left, include Mesdames Ernst C. Morck, Jan Paul Dyk and Clebert Hall.

PAST PRESIDENT of the Sausalito Club, Mrs. Leonard S. Wood, left, points up the dedication plaque of the group to new members, from left,

Mesdames Felix J. Johnson, Norma Christian and Robert K. Bond. Twenty new members were honored at the annual event.

NEW MEMBERS ARE PICTURED with the first vice president and chairman of the tea, Mrs. Robert Scarborough, right. Members are, from left, Mes-

dames Thomas W. Crosby and R. H. Zumwalt. The new neophytes were also briefed at the tea on the history of the club and its various civic and club activities. (Independent-Journal photos)

## Sunny Hills Junior Auxiliary Welcomes Nineteen Neophytes

Sunny Hills Junior Auxiliary welcomed 19 new members into its ranks today at a tea given at the home of Mrs. Russell Johnson in Kent Woodlands. The neophytes include:

Mrs. William Scott Anderson, Jr. (Nina Carpenter) of Ross has volunteered as a Pink Lady at Marin General Hospital, and has been active in the Heart and Polio Drives, Cub Scouts and the Fairfax P.T.A. Attended Bennington College in Vermont and has two children.

Mrs. Stanley Borges (Claire Caletti) graduated from San Jose State College, has taught school and has been a volunteer teacher of swimming for the United Crusade. She lives in San Rafael and has one child.

### MOTHER OF TWO

Mrs. Neil T. Burton (Jane Lowry) attended Dominican Convent and the University of California where she was a member of Kappa Kappa Gamma. Her volunteer experience includes hospital work and the Dominican Alumnae. She lives in Belvedere and has two children.

Mrs. Henry Cole (Mary Hazel-tine) of San Rafael, is a graduate of University of California and her volunteer experience includes Peter Pan Children's Home Society, P.T.A. Board, Pi Beta Phi Alumnae, United Crusade, Heart and Cancer Society. She has three sons.

Mrs. David Deetken (Jacqueline Hanan) attended Marin Junior College and Colorado College. She has been active in Marin County Dental Auxiliary, Kappa Kappa Gamma Book Cart at Marin General

and worked on the Grape Festival as chairman of the Kappa Booth. She lives in San Rafael and has two sons.

Mrs. James Eschen (Molly Howell) of Ross, is a graduate of University of California and her volunteer experience includes Pixie Parents, the Junior League of San Francisco, United Crusade, Mothers for Polio, Heart Drive and Family Service Agency. She has two children.

Mrs. John Murray Fox (Evelyn Zwerlein) attended Miss Burke's and Mills College and volunteered for United Crusade, Guide Dogs for the Blind, Red Cross, Cerebral Palsy, Cancer and the Republican Party. She lives in Tiburon and has three children.

Mrs. V. N. Fulton (Sally Driscoll) attended Bradford Junior College in Massachusetts and University of California where she received a B.A. degree. She has been a nursery school teacher, and volunteered for the United Crusade, president of Ross Valley Nursery School and a member of Peter Pan Children's Home Society. She lives in Kentfield and has two children.

Mrs. Henry W. Hillebrand III (Constance Campana) attended Dominican College, College of Marin and San Francisco Junior College. Has worked as a dental assistant, and volunteered for Guide Dogs, Junior Social Service Auxiliary, Arequipa, and Strawberry Guild of Sunny Hills. She lives in Ross and has one son.

Mrs. Richard S. Kure (Pat Kenney) of San Anselmo, is registered nurse having gradu-

ated from Children's Hospital School of Nursing. Has volunteered for Pixie Parents, Northgate, Blood Bank of the Red Cross, United Crusade, Cancer and Heart Drives and the Ballet Aquacade. She has one daughter.

Mrs. David Peuch (Jeanne De Fremery) attended Berkeley High School and the University of California where she received a B.A. Degree in child development. She lives in San Rafael and has six children.

Mrs. Joshua Soske, Jr. (Ann Smith) attended Stanford, Vassar, Stanford Law School and Oxford University. She holds a B.A. in Law. Her volunteer experience includes the Sutter Hospital Junior Auxiliary and Charter Member of the Sacramento Children's Home Guild. She lives in Sausalito and has two children.

### FROM BELVEDERE

Mrs. Martin E. Stuart (Joan Kopfer) graduated from San Jose State College and has done elementary school teaching. Her volunteer experience includes Belvedere Sunny Hills Guild No. 2 and District Chairman for the March of Dimes, besides being captain for the Heart Fund and Symphony drive. She lives in Belvedere and has one child.

Mrs. Leland W. Sweeney, Jr. (Annie Laurie Lund) also graduated from San Jose State College and has done elementary school teaching. She has worked with the children at Sunny Hills and been a Sunday School teacher. She lives in Greenbrae and has one daughter.

Mrs. Ralph Tierney (Eleanor Walker) of Tiburon attended

Armstrong Business College after volunteer experience in cludes Friends of Arequipa, Junior Social Service Auxiliary and Associate Member of the Children's Home Society. She has two sons.

Mrs. James Tufts II (Rosemary Rutledge) is a graduate of the University of California and her volunteer experience includes St. John's Nursery School, Junior Museum, Ballet Aquacade, Guide Dogs, Arequipa, Republican women, Social Service Auxiliary and co-chairman of Kent Woodlands Red Cross. She lives in Kentfield and has three children.

Mrs. V. Purn Voorhees (Jan Jeffrey) of Ross worked for the Red Cross, United Crusade, Republican Party, St. Elizabeth's Guild at St. John's, a Sunday School teacher and assistant den mother. She attended Stephens College and has three children.

Mrs. Leonard E. Weisenburg, Jr. (Carol Smith) is a graduate of the University of California and has done volunteer work with the Well-Baby Clinic, Junior League, Delta Gamma and Girls' Club work. She lives in San Rafael and has three children.

Mrs. Kenneth G. Wells (Joyce Howell) has volunteered for the United Crusade, the Heart Fund, the Belvedere Nursery School where she served on the Board, Youth Guidance Center and St. Stephen's Guild, Belvedere. She is a graduate of the University of California, lives in Belvedere and has three children.

Arrangements for the tea were made by Mrs. Robert Setrakian, chairman, and her committee consists of Mesdames William Magladry, refreshments; Douglas Ballinger, invitations; Frank Ford, Jr., decorations; Samuel Crowell, name tags and flowers. Past presidents of the Junior Auxiliary presided over the tea table.

### Grandmothers Club Plans Bake Sale

Novamarin Grandmothers' Club met at the home of Mrs. Harry Miller, Wednesday, and plans for a future bake sale were discussed.

Mrs. Ethel Murphy, president, appointed a committee on

membership and assigned Mrs. Lulu Brunson and Mrs. Reed Huestis to the project.

An invitation from the Guide Dogs for the Blind was received, inviting the members to be their guests for a tour and box lunch on Monday, Jan. 16 at 11:30.

Mrs. Harry Miller ended the evening with refreshments.

### Bethel 246 Holds 'Kickoff Night'

"Kickoff Night," the first 1961 meeting of Bethel 246, International Order of Job's Daughters, was held recently in the Masonic Temple in Larkspur, with Honored Queen Dawn Urbais presiding.

Escorted to the East were Gayle Partmann, junior past honored queen, Bethel 246; Muriel Jockisch, guardian, Bethel 246; William Sadler, associate guardian, Bethel 246; and Michael Rich, past master, Fairfax Masonic Lodge, No. 556.

Sandra Averette was chairman of after-meeting activities, which featured a snow theme. Assisting her were Eugenia Van Vliet as co-chairman, and Helen Ruzika, Carol Hughes, Barbara Hollman, and Carolyn Sattui.

### Fairhills Branch Needlework Guild Plans Style Show

The Fairhills Branch of San Rafael of the Needlework Guild of America is formulating plans for a luncheon and fashion show at noon, Feb. 8 at Bob's of Marin, Corte Madera.

Mrs. Jack Wilsey, president, and her officers: Mesdames Eugene Kern, first vice president; Alex Bovee, second vice president; Jack Cooper, secretary; Merton Jacobs, treasurer; Mrs. Albert Brinkerhoff, clothes chairman and Mrs. Leonard Hamilton, invite all members, guests and the public to attend the luncheon and view new Spring Fashions, bridge following.

Reservations may be made by calling Mrs. Jack Wilsey.

## Sleepy Hollow Guild Dance Will Have Mardi Gras Theme

"Mardi Gras in Rio" is the theme chosen for the Sleepy Hollow Guild of Sunny Hills' annual dinner dance. This year carnival gaiety created by musicians in costume as well as imaginative decorations with authentic South American flavor will transform the Sleepy Hollow Center into a scene of "South of the Border" celebration.

The date is Feb. 11, and Mrs. William Worth, general chairman of the event, has set 6:30 as the cocktail hour.

A gourmet-type roast beef dinner will be served by the food committee chairmaned by Mrs. Robert Ballachey who will be assisted by Mrs. Edward Boero and Mrs. Edward Rananah. A strolling troubador will serenade diners, and later an orchestra will furnish the music for dancing. It is expected that general "unmasking" will take place at the stroke of midnight, and prizes for the best costume will be awarded at that time.

Reservations are limited but may be obtained at this time by contacting Mrs. Theodore Bullock, 145 Van Tassel Court or Mrs. Wendall Miller, 136 Van Tassel Court.

Other chairmen working to make this party a success are Mesdames Walter Patzlaff, decorations; William Worrall, entertainment; Russell Labelle, properties; Charles Hardeman,

beverages, and Frank Spicer, publicity.

The proceeds of the dinner dance will assist the Guild in supporting the operating budget of Sunny Hills, the home for children in San Anselmo. The Sleepy Hollow Guild has been known for a number of years for its large White Elephant booth at the annual Grape Festival.

## St. Brigid's To Resume Show Series

St. Brigid's Guild of Christ Episcopal Church, Sausalito, will resume its "picture shows" on Wednesday, Jan. 25 at 8:15 p.m.

To be shown at the Sausalito Woman's Club, 120 Central Avenue, the colored slides will provide a refreshing departure from favorite tourist meccas. The locale is the northern part of Alaska, near the Arctic Circle. The showing is the result of the Charles H. Merrill, Jr. family's trip to the far north last summer. Molly Merrill, a senior at Stanford, and her classmate, Barbara Norman, will do the commenting for their part of the story. As teachers in the Arctic Bible Schools, their itinerary took them as far north as the Mission at Kotzebue, just across the sea from Siberia.

Prominent in the reason for the pictures is the Rev. Murray Trelease who is now a Missioner in the Yukon Valley Missions and will be remembered as the Seminarian assisting the rector, Rev. Joseph S. Doron at Christ Church before departing for Alaska in 1959. Proceeds of the evening event will be forwarded to Rev. Trelease for his work. A former Navy pilot, the Missioner now flies a Cessna 180 to the far reaching Missions in the plane that was provided by the Episcopal women of greater New York.

Mrs. James F. McIndoe, chairman for the picture series, says the "show" will run about an hour and a half with a brief intermission. The Merrill family adventures will have Mr. and Mrs. Merrill as commentators and Sausalito's erstwhile resident, "Ernie" Smith will come down from his Glen Ellen home to be master of ceremonies.

## Ross P-TA Meet Set Tomorrow

The Ross P-TA meet has been scheduled tomorrow, a departure from the usual Tuesday meeting night, in order to accommodate the guest speaker.

Beginning at 8 p.m., parents and teachers will hear Val Hempel of the Army Language School in Monterey in a discussion of modern approaches and techniques in the teaching of foreign languages. Ross School this year initiated classes in French or Spanish as an integral part of the curriculum, required of grades 4-8.

Hempel is a native of Denmark, completing his education there with his graduation from Niels Brock's Institute in Copenhagen. Coming to the United States in 1947, he joined the staff of the Army Language School the following year, and is presently the Director of the West and Southern European Language Division.

Preceding the meeting, the guest will be entertained at the home of Mr. and Mrs. Ray A. Hubbard in Ross.

## Marin Club Sets Dance On Friday

The monthly dance sponsored by The Marin Club will be held Friday, Jan. 20, at Bob's of Marin in Corte Madera. Non-members are invited to attend this dance celebrating the first anniversary of this social, non-profit organization for single, widowed and divorced people over 21.

Warren Morris, chairman of the dance committee, will be assisted by Jessie Borden, newly elected to the post of assistant dance chairman.

## Marin Assembly Will Hold 'Winter Warm-Up,' Jan. 21

Marin Assembly begins its 39th year with a "Winter Warm-Up" dance Saturday evening, Jan. 21, at the Meadow Club. The affair is semi-formal and music will be furnished by an orchestra.

Several pre-dance parties are planned by members of the group. Those bringing guests to the annual membership night are Messrs. and Mesdames George Spackman, Lee Berryhill, Ray Krieger, Joaquin Cabarrus, Philip Haring and E. P. Jagels. The Robert Grants will be entertaining their Canadian houseguests, Mr. and Mrs. Earl Popham of Kelowna, B. C.

President of the Assembly,

Mr. and Mrs. Walter Schau, have asked the following to "warm-up" at their Sleepy Hollow home before going on to the dance—Dr. and Mrs. A. C. Stoltz, Messrs and Mesdames Edmund Liebert, George Leftwich, Nevin George, John Ellsworth, David MacAusland, John Morrison, Matt Schau, Arthur Trussell, Richard Schau, all of Marin County, and Mr. and Mrs. Jack Fleming of El Cerrito.

Completing plans for the dance are members of the Board of Directors for 1961, Messrs. and Mesdames Walter Schau, president; Daniel Dever, treasurer; Robert Grant, membership; Joaquin Cabarrus, publicity, and Malcolm Kelso.

MR. AND MRS. THOMAS JAMES WHAM propose a toast at the reception which followed their recent wedding at the First Presbyterian Church in San Rafael. The bride, the former Mary Sue Hartzell, is the daughter of Mrs. Oliver R. Hartzell of San Rafael. (Don Falkner photo)

## A Good Sun Tan Is Necessary For Forthcoming Spring Styles

NEW YORK (AP)—To be ready for next spring's fashions a woman will need a good sun tan, a small waistline, large closets and a husband to button her up the back.

These truths were self-evident as more than 200 reporters returned to their home-

towns today, after a full week of fashion shows set up by the New York couture group.

With little variation from collection to collection, certain trends persisted through the week.

Modest bareness begins in

the daytime with knee length, sleeveless, collarless dresses and progresses into evening, introducing strapless costumes with low-plunging backs. High necks were almost always contrasted by deep dipping cowl backs.

### LOOSE FIT

Although Fashion Press Week was preceded by the promise of a loose fit, the waistline was definitely back where nature put it in most collections. Casual leather sashes and shoestring ties were in evidence, but just as frequently models paraded the runways wearing figure-emphasizing cummerbunds.

Bias cut bodices and skirts left nothing to the imagination figuratively, either.

Nor could skirts make up their minds. Some were slim, some were tucked at the waist for easy fullness, and many, many were sharply pleated.

### COSTUME

The designers must have met and decided that the costume would be the official spring uniform. Each one matched coats, capes or jacket linings with silk, cotton or linen printed blouses and sheath dresses. As a result, one coat won't go with another dress. Thus, to live up to the letter of the spring costume trend, women need a different coat or jacket for everything and plenty of room in closets.

Most dresses, coats, over-blouses and loose fitting jackets for spring button down the back, a style detail which requires a roommate to assist you.

## Guild Plans Workshop In February

The Larkspur Corte Madera Guild of Sunny Hills met at luncheon recently to welcome a new member as a Sunny Hills volunteer. Mrs. Ralph Curtis of Larkspur was the honored guest as the group gathered at the Peacock Gap Clubhouse. Welcomed back to the Guild was Mrs. James Rose a charter member of the group.

The "Christmas in October" booth, long a Grape Festival favorite, is the year-round project of the Larkspur Corte Madera Guild. The Murray Park home of president Mrs. Frank Little was transformed into a sparkling holiday gift shop by the unusual and creative articles collected by members and brought to the January meeting which preceded the luncheon at Peacock Gap. Decision was made as to those which will be made for the Grape Festival and plans made for the first workshop meeting in February at the home of Mrs. Jay Hale with Mrs. Thomas L. Grayson as co-hostess.

Staffing of the Bargain Box, another important activity of the group, was discussed for the coming year and plans made for collection of clothing and bric-a-brac.

Officers for the Larkspur Corte Madera Guild for 1961 are Mesdames Little, president; Douglas Duncan, vice president; T.C. Jaegeling, recording secretary; Vern Anderson, corresponding secretary; John Barry, treasurer; Ray Brown, Bargain Box chairman; J. Lyman Hurlbut, Allen Marshall and W. M. Harris, booth co-chairman and Jay Hale, publicity.

## Radiation Talk For Gallinas P-TA

Louis Smoyer, deputy director of Civil Defense Mobilization of the 28th Warning Center at Hamilton Air Force Base was the guest speaker at the recent meeting of the Gallinas P-TA.

Kenneth Hickel presided for the business meeting and the guest speaker was introduced by program chairman, Mrs. Richard Murphy.

Smoyer gave an informative talk on "Protection Against Fallout." He explained the hazards of radiation and the measures that citizens can take to protect themselves and family.

## Femineers To Install

The Femineers will install a new slate of officers at the meeting tomorrow at the Women's Athletic Club, San Francisco. The Femineers, organized in 1950, is an organization composed of wives of engineers and has grown from 10 members to about 160. Each year the group awards a scholarship to an engineering student at the University of California.

## Luncheon Guests Are Greeted In Oriental Decor

Guests who attended St. Hilary's Women's Club's salad-luncheon and card party Wednesday at the Southern Marin Recreation Center were charmed by the manner in which the decoration committee achieved an oriental atmosphere.

Greeting the guests at the door were Mesdames Gerald Shelton and Thomas Stanton, Jr., dressed in Japanese kimono and standing in front of a cherry tree in bloom. Even the front door was decorated with oriental designs and lanterns were hung from the trees outside.

In the main room branches covered with Spanish moss hung from the ceiling and were trimmed with pink blossoms. The lights were shielded by large parasols and fans were placed in the windows. The tables were set with varicolored cloths and the candle holders trimmed with golden glitter. Names of those reserving the tables were written in oriental characters.

Responsible for the decor was Mrs. C. J. McDermott, a past president of the club.

Equally colorful was the buffet table which was set with a variety of salads in all colors and which had been planned by Mrs. Harry Howard.

## Tri Delt Mothers' Club Plans Sale

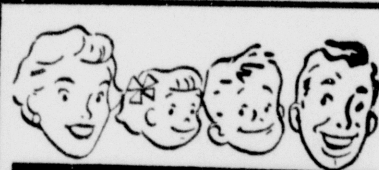

The annual rummage sale of the Delta Delta Delta Mothers' Club will be held on Friday, Jan. 20, at St. George's Hall, 2436 Grove Street, Oakland.

Final plans for this money making event were announced at the Berkeley Chapter House on Warring Street, at a luncheon meeting, by Mrs. Laurence Moore, club president.

In charge of the sale will be Mrs. A. P. Crist, Piedmont, who states that jewelry, apparel, household items and bric-a-brac will be among items offered for sale. Proceeds from the 9:30 a.m. to 3:30 p.m. rummage sale will be contributed to a fund for the East Bay Activity Center, the club's philanthropic project.

# Talented Young Duo For Thursday Club

Two young and talented East Bay artists will provide the program for the Thursday Musical Club at its meeting on Thursday at the home of Mrs. James Heynemann, 208 Beach Road, Belvedere.

The 2:30 p.m. program arranged by Mrs. Cloyd Kimball, program chairman, will feature Bonnie Hampton, cellist, and Irene Schreier, pianist. Mrs. Hampton has appeared as soloists with the San Francisco, Oakland and Monterey symphony orchestras and as guest artist with the Griller, Budapest, Hollywood and California quartets. In 1956 Mrs. Hampton studied with Pablo Casals in France and Switzerland and the following year was awarded a Hertz scholarship to resume study with Casals in Puerto Rico. She has taken part in concerts under his direction in Paris, Switzerland, Puerto Rico and Mexico. She is a member of the Mills College Chamber Players.

Irene Schreier, who was born in Vienna, began to study piano at the age of six. Two years later, just before the outbreak of World War II, she was brought to this country and continued her studies, first in San Francisco and later in Chicago. She made her first American public appearance in San Francisco when she was 11 years old. She made her Chicago debut in 1950. Since that time she has frequently appeared as soloist with orchestra and chamber music groups on the East and West Coasts and in the middle west. In 1951, 1952 and 1954 Miss Schreier was winner of the Marquette Memorial Award. This enabled her to continue her studies in Europe and make extensive concert tours. A prize at the First International Competition in Munich also brought her radio engagements throughout Germany.

PIANIST, Irene Schreier, one of the two guest artists to be presented at Thursday's program of the Thursday Musical Club at the James Heynemann home in Belvedere.

CELLIST, Bonnie Hampton, who will contribute her talents to the Thursday Musical Club program. She has appeared as soloist with many symphony orchestras and was a pupil of Pablo Casals.

# Northgate Group Meeting Tomorrow

The 14th annual general meeting of the Northgate Group will be held at 9:45 a.m. tomorrow in the Caroline S. Livermore room of the Northgate building at the Marin Art and Garden Center, Ross.

Mrs. Edward J. Ruff of Ross announced today that chairmen of standing committees and of the group's special fund-raising events in 1960 will report to the membership.

Election of officers and naming of new chairmen will take place.

Eighteen new members will be introduced during the coffee hour following the meeting, according to Mrs. Curtis S. Knowles, membership chairman. In charge of the coffee arrangements is Mrs. Rafael Dufficy.

Following are new members who will be introduced and their affiliations:

Mrs. Peter Curtis (Barbara) of Belvedere; Wellesley Club, St. Stephen's Guild, and Marin Conservation League.

S. Robert Farley (Nadine) of Greenbrae; member of the board of directors of Friends of Arequipa.

Mrs. Harold E. Hallett (Helen) of Ross; A.A.U.W., Ross and Redwood High Schools P-TA, Brookwood Guild, Sunny Hills.

Mrs. George Herrero (Marge) of Greenbrae; Sycamore unit, Friends of Arequipa, Golden Gate Kindergarten Auxiliary.

Mrs. Rudolph D. Lang (Doree) of San Rafael; Powder Puff Guild, Sunny Hills, Friends of Arequipa, Mannequin League of Marin.

Mrs. Murray R. MacKall

(Helena) of Corte Madera; Garden Society of Marin, Lawyers Wives of Marin and Alpha Phi.

Mrs. Ralph Martindale (Mary) of Mill Valley; Rector's Guild of Mill Valley Episcopal Church, Mill Valley Outdoor Art Club, Marin Chapter of Red Cross.

Mrs. John F. McInnis (Lois) of San Rafael; Women's Service League of St. Paul's Episcopal church, San Rafael Improvement Club, Camp Fire Girls.

Mrs. Hal E. Moore (Polly) of Ross; League of Women Voters, Ross P-TA.

Mrs. Gus Niederholzer (Peggy) of Kentfield; Catholic Social Service, Thursday Musical, Marin Music Chest, Girl Scouts.

Mrs. Glenn E. Parrott (Ruth) of San Rafael; the Y.W.C.A.

Mrs. Dion Ramsey-Raisan (Marianna) of San Anselmo; Decorations Guild.

Mrs. Lloyd R. Richards (Lorraine) of Kent Woodlands; Pink Ladies, Friends of Arequipa and Decorations Guild.

Mrs. Norman O. Schwen (Beatie) of Greenbrae; San Francisco Garden Club, Presidio Club, Navy Wives' Club.

Mrs. William A. Upton (Bonnie) of San Rafael; Friends of Arequipa, Social Service Auxiliary.

Mrs. Les Vogel Jr. (Cheryl) of Kent Woodlands; Sunny Hills, Chi Omega, Mannequin League.

Mrs. Winthrop P. Watrous (Lucile) of Kentfield; Ross Valley Guild of Sunny Hills, Alter Guild of St. John's Episcopal Church in Ross.

Mrs. Gilbert C. Wheat (Gertrude) of Kent Woodlands; Sunny Hills, World Affairs Council, Delta Gamma, Stanford Alumni.

# Delta Gammas Will Meet In Tiburon

The home of the William H. Ballards, 2450 Paradise Drive in Tiburon, will be the scene of the Jan. 25 Marin County Delta Gamma alumnae meeting.

Co-hostesses for the monthly luncheon meeting are Mesdames Leigh Athearn and William Perdue of Mill Valley and Thomas Steere of Belvedere.

They rroup will be saying regretful farewells to its president, Mrs. Benton Sparks, whose husband has been transferred to Sacramento. Assuming the president's duties is Mrs. George Ball of Kentfield.

In connection with the group's philanthropic work of aid to the blind, plans are to be completed for a fund raising event on Feb. 24.

This year the Delta Gammas will sponsor the opening night of the Cove Players' production of "Portrait in Black." Reservations may be made with Mrs. Albert Bianchi. A number of Delta Gammas plan dinner parties preceding the play.

# Ross Nursery School Plans Election Meet

The Ross Valley Nursery School will hold its annual meeting at the nursery school on Jan. 30 at 8 p.m.

On the agenda will be the yearly reports from the board of trustees and the election for new members of the board.

The slate includes Mesdames Douglas Conner, president; James Lill, vice president; Robert Sterakian, secretary; Willis Warner, treasurer; Ralph McMurry, equipment; William Morrissey, registration, and Frederick Hunt, supply.

Mrs. David Hauck, first grade teacher at the Marin County Day School, will be the guest speaker.

Coffee and tea will be served.

# Gold Star Chapter Has Novato Meet

Mrs. George T. Carpenter of Novato was hostess to the Marin Chapter of Gold Star Mothers when the January business meeting was held in her home recently, with Mrs. Victor W. Jones, presiding.

Ethel Jordan, hospital chairman, reported on the visits she had made to Yountville during the Christmas parties for the veterans, and of the chapter's donation to a needy veteran's family. A continuing project undertaken by the group is the donating of books and magazines for the library of the hospital at Yountville. Several of the mothers visited the hospital library in December and were informed of this need. A communication from Loree B. Cornett, organizer and first president of the local chapter, told of a visit to the Gold Star Mothers' Home at Long Beach where she expects to make her home in the near future. Another former member, Velda Steele, is already in residence at the home, and is president of the newly organized chapter there. The home at Long Beach is the only one of its kind in the world for Gold Star Mothers.

The next regular meeting to be held on Feb. 14 at the home of Maude Francke in San Rafael.

# Charles Hamiltons Greet A Daughter

A second girl and fourth child has arrived at Children's Hospital in San Francisco for Mr. and Mrs. Charles E. Hamilton of San Anselmo. The new arrival is named Katherine Adams and is a fourth generation Californian. Her great grandmother is Mrs. Robert Lee Taylor, Sr. and her grandparents are Dr. and Mrs. Robert Lee Taylor of San Anselmo. Her paternal grandparents, Mr. and Mrs. Kenneth C. Hamilton, live in Milwaukee, Wis.

The Charles Hamiltons are former residents of Paradise Drive, Tiburon. Their children are Robert, 5, David 3 and Mary 1½.

# Marin Women

Independent-Journal, Tuesday, Jan. 17, 1961 15

# AFS Plans Bazaar At Redwood High

"International Intrigue" is the theme for the American Field Service Bazaar to be held at Redwood High School Feb. 17-18.

Intriguing both because of the foreign student exchange program which it benefits, and the exotic goods which will be offered for sale, the two day event offers an opportunity to participate in "people to people" diplomacy right here at home, and a chance to procure such souvenirs from far-off lands as books, art, linens, china, tapestries, foreign stamps, plants, and delicious foods representing the finest culinary creations of many nations.

The two American Field Service International Scholarship students who are spending their senior year at Redwood High School—Mlle. Jacqueline Marterer of France, and Charles Katunga of Uganda, will be introduced to bazaar shoppers. Announcement of the selection of Redwood students will spend the summer abroad as our representatives is expected in time for their introduction during the "International Intrigue" festivities.

Almost continuous entertainment will be provided by Redwood High School musicians and singers, with folk dancers and other entertainers appearing for performances during the gay doings.

In charge of the committee preparing for the festival is Mrs. P. L. Pinotti of Larkspur. Assisting her are Mrs. Charles Young, secretary; Mrs. H. D. Eddy, finance chairman; Mrs. Kenneth Frost, publicity chairman; and the Mesdames S. L. McCormick and T. L. Grayson, decorations co-chairmen. Mrs. Pinotti announced the appointment of the following district chairmen: Mrs. Donald Logan, Corte Madera; Mrs. Lester J. Wade, Greenbrae; Mrs. S. W. Galli, Kentfield; Mrs. J. R. Cunningham, Larkspur; Mrs. John W. Scott, Ross.

Mrs. Pinotti will welcome volunteers to assist with staffing of booths and other duties. Contributions of books, posters, art objects, perfume, jewelry, handbags, accessories, housewares, fabrics, toys, plants, sports equipment, stamps or new clothing will be welcomed. (No used clothing, please). The donations may be left at the Stewart Realty Company, 215 Tamalpais Drive, Corte Madera, or phone Mrs. Pinotti for further information.

Local cooks who would like to contribute a favorite foreign recipe may contact Mrs. George Banning, of Belvedere, or Mrs. William Cassidy of Kentfield.

Chapter officers who supervise the American Field Service Scholarship program here are Mesdames J. R. Cunningham, president; Joseph Marshall, vice president; Clifford Coy, secretary; H. D. Eddy, treasurer, and Robert Mautner, Redwood High School faculty representative, Archer Forsyth, district chairman; Mrs. H. D. Fowler, regional representative; Mrs. George Banning, and Mrs. John Chambers, home-finding committee.

# Indian Valley Golfers Name New Officers

The Indian Valley Women's Golf Club installed its new officers for 1961 at a recent meeting in the club house.

Members assuming new offices were Mesdames Charles Bennett, captain; Arthur Sears, co-captain; Harry Clausing, secretary; Charles Zapelli, treasurer.

Board members included Mesdames Norton Dawson, tournament chairman and Andrew Mahoney as assistant; Joel Hamby, handicap chairman; George Nolan, assistant; Emil Renati, publicity; Warren Smith, honorary board member.

Mrs. Bennett as new captain appointed Mrs. Warren Smith as rules committee chairman with Mesdames R. G. Cornelius and Velma Greene as her assistants.

The Pacific Women's Golf Association representative was filled by Mrs. Roy Sayles. Named as the North Bay representative was Mrs. Charles Barr.

Outgoing captain, Mrs. Smith was presented with a bracelet, in appreciation, from the members.

Further business included the decision to present the low net winner of each month with a gold charm bracelet. This will occur on Trophy Day which is played the first Tuesday of each month.

New member welcomed into the club was Mrs. Theodore Broedlow.

# Brookside P-TA Dinner Tomorrow

A potluck supper at 7 p.m. will precede the regular meeting of the Brookside P-TA tomorrow in the multi-purpose room of the school.

Decorations are in charge of Mesdames Guido Zanolli and Ernest Landreville. Seventh grade mothers will provide cake and serve as hostesses, according to Mrs. Fred Cherry, president. Members are asked to bring their own service.

Stanley Rutherford, eighth grade teacher at Brookside, will tell of his experiences in England, where he taught as a Fulbright exchange teacher, last year.

In honor of Founders' Day past presidents of the P-TA have been invited as special guests. The list includes Mesdames Elsie Meagor, Harold Bailey, Andrew Klapak, Kenneth Dunn, Robin Galloway, George Spackman, Sam Goldbaum, Wesley Honeyman, John Rechtfertig, Anthony Iacopi, and Karl Wolff. An honorary life membership will be presented by Mrs. Wesley Honeyman, chairman.

# Rosarium Slates Its Installation

Meetings of Rosarium Institute 175, Young Ladies Institute are being held in the new hall of St. Patrick's Parish, Larkspur, and the first major event there will be Rosarium's installation of officers Thursday night. The ceremony follows the 7:30 meeting. On the committee are Mrs. Ed Albertoni, president, general chairman; Mrs. David Miller, decorations; Mrs. Leo Simon, refreshments and Miss Claire Skidmore gifts.

The institute will celebrate its "birthday" at a 7:30 p.m. dinner at Buon Gusto, Fairfax on Jan. 24.

# Mid-Winter Sale For League Shop

In celebration of the 50th anniversary of the Junior League of San Francisco, Inc., Mrs. Francis Sooy, chairman of the Junior League Next-To-New-Shop, announced the shop will hold an unprecedented Mid-Winter Sale beginning today and continuing through Jan. 21.

The shop is open Monday from 1 to 4 p.m. and on Thursday through Saturday from 10 a.m. to 4 p.m. This sale will provide an opportunity for customers to purchase already modestly priced, slightly used clothing at one half the price usually charged.

# Legislative Section To Discuss Bills

Legislative Section of Marin Branch, American Association of University Women, will meet tomorrow morning at 10 o'clock at the home of Mrs. Kenneth R. Moynihan, 597 Fairhills Drive, San Rafael.

Mrs. William D. Fusselman, section chairman, says members are to come prepared to discuss the type of legislation represented in the 500 bills before the state legislature. Also discussed will be "What is happening to the rules committee in Congress?"

# Dance Jamborees Are To Continue

At its regular meeting, held recently in Dan Allen's Larkspur home, the Marin County Square Dance Association decided to continue the Dance Jamborees for new dancers. These have been held in the Isabel Cook School in San Anselmo on the first and third Saturdays of each month.

It was decided to urge experienced dancers to attend in larger numbers, to help the novices attain a higher level of dancing competence. To this end, Al Conroy will send frequent notices to member clubs, so that all dancers will be familiar with the program.

# B'nai B'rith Girls

Officers were elected at the recent meeting of B'nai Brith Girls of Marin County. On the new staff are Janis Goldbaum, president; Noreen Kouhn, vice president; Susan Yaffee, treasurer; Margarie Krug, secretary, and Nancy Rikles, historian.

## ALMANAC

Today is Tuesday, Jan. 17, the 17th day of the year with 348 more in 1961.

The moon is approaching its first quarter.

The morning star is Mars. The evening stars are Mars and Venus.

On this day in history:  
In 1706, Benjamin Franklin, American printer, scientist, journalist and inventor, was born.

In 1806, the first baby was born in the White House — James Madison Randolph — son of Thomas Mann Randolph and Martha Jefferson Randolph, who was the daughter of President Thomas Jefferson.

In 1917, the U.S. bought the Virgin Islands from Denmark for 25 million dollars.

In 1944, Gen Dwight Eisenhower assumed command of the Allied liberation forces.

A thought for today: Versatile American Benjamin Franklin said: "Human felicity is produced not so much by great pieces of good fortune that seldom happen, as by little advantages that occur every day."

## TIME AND TIDE

Department of Commerce  
United States Coast and Geodetic Survey, Western District headquarters, Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; bold-face type indicates p.m. times.

## THERE OUGHTA BE A LAW

## What Our Readers Say: About Civic Center

## TODAY'S EDITORIAL

## Reason Returns To Marin County's Civic Center

Unanimous action of the Board of Supervisors in voting to recommence work today on the Marin County Civic Center brings reason back into a confused situation.

We congratulate the majority members of the board for being big enough men to reverse their decision of six days earlier and in joining the two minority members in putting the project back on the track.

It will be a long time before we can really assess what the brief stop-work order will cost the taxpayers. Actually, we were lucky. Architects Banning and Crawford rushed their report on the feasibility of transforming the civic center into a hospital. The weatherman cooperated and didn't bring rain, which could have caused serious damage. The supervisors acted promptly in changing their minds and thus got the work going again in a minimum time.

Yet there are still costs which have to be assessed. We don't know how much the contractor and the subcontractors have been harmed by the delay. All of them now have excellent basis for future delays or change orders—didn't the county already break the contract? We believe we have good

and honorable contractors, so here too, the taxpayers may get off luckier than they might have.

Yet all of this cost, all of the commotion, upset, meetings, protests, letter-writing, and telephoning was easily avoidable. There would have been hardly a voice raised had the ruling majority voted to have Crawford and Banning make the same study they did, but without the stop-work order.

If the majority actually had gone ahead step-by-step with their professed plan to re-evaluate the county's building needs, with consideration of the order in which Marin's crying capital housing requirements can best be met, we would have applauded their efforts.

This is the logical and proper way to proceed. The Civic Center plan grew out of a lengthy and detailed study of county needs. If county changes have outdated this study too much, if other needs are more pressing than, for example, the next phase of the Civic Center, the people should know about it.

We're glad the supervisors eventually realized that junking previously planning without serious thought and consideration can lead nowhere but to trouble. It certainly did that!

## What A Cross For Marvelous Marin

EDITOR,  
Independent-Journal:

School bonds fail, county hospital bonds fail, fluoridation fails and now the pinch-penny, backward-looking champions of status-quo have outdone (or undone) themselves — this unbelievable stoppage on the construction of our Civic Center!

It is appalling that any supervisor would take such witless action with the confidence (probably) that the majority of citizens in his district would approve.

But the really horrifying thought is that, looking at Marin County's past record, they probably do! What a cross for the sake of living in "Marvelous Marin."

DIXIE MERTLE  
Santa Venetia

## Three Supervisors Like 3 Monkeys

EDITOR,  
Independent-Journal:

The three supervisors who stopped the civic center work remind me of the three monkeys:

See no future for Marin County,

Hear no future for Marin County,

Speak no future for Marin County.

LEON KOWALSKI  
Ross

## Need To Repeat Civic Center Facts

EDITOR,  
Independent-Journal:

Thanks for your vigorous coverage of Civic Center emergency.

In talking to many, many people I find an abysmal lack of accurate statistics as to:

1. Exact amount county pays out in rent each month.

2. Number of county agencies housed outside the Court House.

3. Amounts spent, cost 5 or 10 years on abortive attempts to enlarge or adopt the Court House (Architects' fees, penalties, etc.).

4. The "pay as you go" method of financing this long range project.

Wish you'd set up a small box in a regular spot and give the public some exact facts and repeat certain ones from time to time—esp., the rent total. People just won't believe ME. They would listen to the press.

HELEN S. WILSON  
Larkspur

## Appalled At Torpedo Attack

EDITOR,  
Independent-Journal:

In addition to my NO vote on the straw ballot in your newspaper, I would like to register my deep disappointment over the recent action of supervisors Fusselman, Blair and Ludy. In my opinion they erred and erred greatly in the short-sighted motion they took in the name of "economy" when they summarily stopped work on the Civic Center project.

I am appalled at what would seem to this reader to be a deliberate "torpedo attack" on a project that, in addition to being Frank Lloyd Wright's last great public work, was also Marin's only chance for an integrated and beautiful government center and one that could have been a drawing card for all the world to see and for Marin County to enjoy.

It is our understanding that the county at present pays \$60,000 yearly in rentals to house various county agencies in a variety of buildings scattered over the city of San Rafael.

One particularly bad example of this is the ancient and condemned former school building which houses the planning commission, the county library, etc.

Let us not lose sight of the fact that the funds needed to complete the present civic center building are available and most important, the county government NEEDS the building.

We can afford to pay 40 cents out of every \$100 assessed valuation which we pay in county taxes for this purpose.

We are proud to be in Supervisor Castro's district. JACK AND CARMEN KLINE  
San Rafael

## Stop-Work Order Fusselman's Folly

EDITOR,  
Independent-Journal:

My goodness! We ARE surprised! We did not know that Mr. Fusselman was the dictator of Marin County. We thought he was just a supervisor of Marin County, and that he was a representative of the people.

The Civic Center project then is going to crumble under a Fusselman frown. With the pointing of the Fusselman finger down go girders rusting, cement dissolves, and earth slides. A mighty man is he!

But aren't there a lot of us who are surprised? We don't like being surprised, and we hope that this stop-work order will be known as "Fusselman's Folly."

MELDA LUDLOW  
Mill Valley

plete waste of close to three million dollars.

The financial integrity of the county is threatened. Future bids by contractors will reflect their financial risk in increases. The stoppage, temporary or permanent, is financial suicide and should be considered in this light regardless of a person's position on the Center itself.

A ballot can only be conclusive when the public is informed. They have not been sufficiently educated in this case.

MARCELLE B. MCCOY  
San Anselmo

## Stoppage Is Work Of Small Minds

EDITOR,  
Independent-Journal:

Shall we all hang our heads in shame for having elected representatives who act like children? What price vindictiveness of the kind shown in the Civic Center mess!

We were told a way would be found to have a new County Hospital or Home and it is apparent this scheme was brewing all the time.

This stop order is the work of small minds indeed and surely not leaders. Had they thought political suicide was in the offing, perhaps they would have acted differently.

This is an opportunity to have the work of a great man in our beautiful County and architecture to stand the test of time and to match the surrounding area to such advantage! Man does not live by bread alone.

One more heretofore passive and trusting voter has hereby been alerted and I trust many more will feel as I do and be watching more diligently in all civic matters in the future, as well as getting a better perspective on future candidates for public office.

HELEN R. FRIEDMAN  
San Rafael

## Not An Abortion, Try At Murder

EDITOR,  
Independent-Journal:

A wondrous child has been conceived in the bosom of our hills by the citizens of Marin County with Frank Lloyd Wright. This child has been nurtured by far-seeing hopeful parents. Yet a minority of that group looks with doubt upon this child. They are afraid. They never really wanted him. They say he will cost money to bring up.

Yet he WAS conceived. He WAS born. And those who have wisdom about such things, the learned men of architecture and the humanities, agree that this child, this baby Civic Center, has a very beautiful bone structure and a start in life full of promise.

So what happens? A change in the parent relationship. The minority becomes the majority (by one). Straightaway this fretful, scared majority (by one) acts. It takes the child ALREADY CONCEIVED AND BORN and tries to castrate him, to starve him, to strangle him, cheered on by a hysterical group called the Marin Taxpayers Assn. and by the owner of a small Mill Valley paper.

It's not a simple case of abortion. It's attempted murder.

LUCIENNE BLOCH  
Mill Valley

## Best Story Since Drake Landed

EDITOR,  
Independent-Journal:

The Marin County People's Revolution is the best story since Drake's landing. On that fabulous Civic Center plan the people voted No No No! This was not the customary "Vote 'No' if it's a bond issue." There had been rumbling in the streets—maybe some knitting behind closed doors.

But the Supervisors, all unaware, said "We know what's best for you. We'll build it anyway." This was the equivalent of "We'll make 'em eat cake." And the rumblings in the street grew louder.

So, came election day, and people opposed to the Civic Center were swept into office by vote of the citizens of Marin County. This treasured American process is sometimes called "Democracy in Action."

Again, the then Supervisors said "We'll start the buildings anyway, and leave the county

in a fine mess." It was like Hitler saying, "If we don't win the war we'll mess up the world for 1000 years."

Maybe they both succeeded, but the little people everywhere are on the march. How come the I-J and S.F. Chronicle are muzzling this fine story of the People's Revolution right in your own front yards? Shame on you both.

LYLE LEISER  
Mill Valley

## Please Review Action Taken

EDITOR,  
Independent-Journal:

As you briskly fan the flames of controversy over the Civic Center, please pause and review what steps you took after the voters rejected the issue several years ago.

Did you stir up any action against the incumbent supervisors who over-ruled the voters and ordered construction? I have forgotten, only the tax bill remains, and yet I am curious about what action you took.

The bedroom county of Marin certainly doesn't need such a magnificent Civic Center. Sudden work stoppage may cost something, but continued construction will really be a waste of tax money.

J. A. CLYDE  
San Rafael

## Six Reasons For A Protest

EDITOR,  
Independent-Journal:

The news in this evening's paper is very distressing, "County Board Votes to Halt Work on Civic Center." I wish to register whole-hearted protest against this action. My reasons are:

1. Marin County needs this building.

2. The building will be a center of civic pride.

3. Marin County can afford it.

4. I and others like myself are willing to pay the taxes necessary to complete it.

5. It would be expensive and impractical to convert it to a hospital.

6. And last, but not least, I believe that the people of Marin County want the civic center to be built.

The three supervisors are paying too much attention to a vocal minority in this county.

In the same breath I would like to say that we should build the county hospital on a pay-as-we-build basis also.

Marin County is no longer a "Cow County" and I hope that the three gentlemen and their backers, will have a change of heart and join the majority of Marinites who are looking forward to building a metropolis in Marin County that is equal in beauty to the natural beauty that already exists.

JOHN W. IRWIN  
San Rafael

## Don't Let 'Papa' Make Decisions

EDITOR,  
Independent-Journal:

I join the goodly company of letter writers to the I-J in protesting the work stoppage on the Civic Center.

My first reaction was anger — that in this democratic country of ours one man, aided and abetted by two others, could take it on himself to act like a dictator. I have no doubt Mr. Fusselman is within his rights and has legal sanction to act as he has done, but nevertheless in a democracy we like to make our own decisions and not have them made for us by "Papa."

I then thought of all those men who were working on the project. Men are more unemployed in California and the U.S. than we have had for years. Everywhere we read of plans to create employment which is so badly needed. And in Marin County we have work and we deliberately stop it—it's incredible!

This work stoppage increases the ranks of the unemployed not only here but wherever the materials come from that are used in the building.

It causes fear and anxiety in the homes of the workers and eventually, if "economy" is the declared motive of the move, it will make our welfare costs rise and will make good craftsmen leave Marin County. Already it is raising the cost of the building to thousands of dollars.

EDITH P. SKEWES-COX  
Ross

## Worker Laid Off Without Notice

EDITOR,  
Independent-Journal:

"This household has subscribed to your fine paper for the past six years and it is always of great interest to us. Especially the editorials and weekly magazine section."

I want to especially compliment you on your editorial in yesterday's I-J (Thursday, January 12) in which you mention Supervisors Ignore Civic Center Workers And Public. We all most wholeheartedly agree with you on this, especially since we have a friend who was employed on its construction who has a wife and eight children to support—his wife just recently out of the hospital after undergoing an operation and his two-year-old baby with a tonsil operation last week and he, with the entire crew, laid off without a day's notice through the fault of the supervisors stop-work order.

It would be a shame to the county not to complete this fine masterpiece of Architect Frank Lloyd Wright, the last major effort before his death.

The opposing supervisors prove their ignorance of modern construction to even think of changing the design and purpose for which it was intended with its beauty and intricate pattern of elliptical, angle and radius type of construction through the entire building.

We want to commend you on your fair stand in this matter and say, with all sincerity, KEEP UP THE GOOD WORK.

N. McPHERSON  
Fairfax

## Governments Are Meant To Govern

EDITOR,  
Independent-Journal:

The poverty of thinking of the three supervisors who voted to halt the Civic Center work is shamefully demonstrated in the opinion of Supervisor Blair that the county's citizens never have been asked whether they "wanted" the center.

It is characteristic of those who see perfection in the past — however cloudily — that governments are not meant to govern, that those picked as leaders are not meant to lead. The pitiable administrations of Harding and Coolidge are recent enough examples of men of similar mind.

Government would be paralyzed if administrative action were subject to popular vote. Did Jefferson ask for a vote when he made the Louisiana Purchase? Did Lincoln ask for a vote before he signed the Emancipation Proclamation? Did FDR ask for a vote when he approved construction of the atomic bomb? The responsibility of leadership implies that those selected to govern do so.

How fuzzy Mr. Blair's projections are when he says the center will be larger than ever will be needed. Doesn't the recent addition at the present courthouse show that the new center is overdue? Can Mr. Blair honestly believe that Marin, which has shown a 70 per cent population increase in the past decade, will not show a like or greater increase in the next?

Congratulations are due those supervisors who had the wisdom to see the need for the projected center and the courage to provide for it. Work should be resumed at once.

KELLOGG SMITH  
Sausalito

## Let's Not Be Tagged Quitters

EDITOR,  
Independent-Journal:

On page 1 Independent-Journal, on Jan. 11, we read "125 Laid Off As Work Halts At Civic Center."

On page 2 same day, same paper AFL-CIO president George Meany states "the nation is on the brink of the gravest economic crisis since the depression of the 1930's" and recommends the need for public works construction.

We are in Marin going to stand by idly and contribute to the decay and hardship caused by a recession by willful mass lay-off? Or shall we forge ahead with vision to construct an enviable monument, not only to a great creator of our time, Frank Lloyd Wright, but also to our great Marin.

Some people cannot and will not tolerate progress. They prefer to let conditions

remain as they are — their minds are stagnant, and they initiate no foresite.

Unless we aim for great achievement and progress steadily toward our goals, we regress.

Shall we be known henceforth, as a community which proposes great achievements, but cannot be depended upon to carry through to completion of its undertakings?

Most of us living in Marin are justly proud of our county. After the deplorable action taken by our Supervisors we must all hang our heads in shame. How could the proposed plans for the Civic Center have gone this far, had we not been up to the task? Why must we forfeit our aim for a few dissenters?

Progress means more money will eventually pour into Marin as a result of this Civic Center enterprise. It will draw crowds of tourists who will come to witness for themselves the genius of its architecture, as its designs attest to all who understand beauty of form and countryside.

Citizens of Marin, let's all join in this fight to finish what we have begun. Let's not be tagged quitters, but builders of great and might and lasting achievements.

GERALDINE ALDRICH  
(Mrs. Wm.)

San Rafael

## Crocodile Tears In Editorial

EDITOR,  
Independent-Journal:

You underestimate the ability of the "workers" in Marin County to see through your crocodile tears over their plight in the "unmerciful disregard" the Board of Supervisors showed in their stop work order. Do you honestly think they are not able to see through your editorial of Jan. 12? Why this sudden toadying up to their interests which you have so consistently opposed by editorial inference in the past?

Is it because you wanted to get support for your argument as quickly as possible and, lacking a good reason, grabbed for any old straw? If so, you got the wrong one. A bad choice, since "workers" will not be easily distracted with your "Out of a job!" red flag.

I remember not long ago your reporting the trade unions' figures concerning how comparatively few "working men" actually lived in Marin County. The reason was because of the high cost of living here. Don't you even have the judgment to ask why does it cost so much to live here? One of the most obvious answers is high taxes. And why are taxes so high? One reason is because we are building an unjustifiably expensive memorial to incompetent judgment, otherwise known as a "Civic Center." Doesn't this make your editorial seem a little silly?

The "125 or so workers" and a lot more would have legitimate job opportunities if building were not discouraged by the abominable tax situation and what's more, the workers could probably afford to live here!

I, for one, have lived as a home owner in Marin County since 1947 in a substandard house. I have been putting up with the inconveniences of leaking roofs and badly needed rebuilding for the reason that I have been trying to save enough money to accomplish this in a responsible financial manner.

When I was a little nearer to being able to hire someone to do the work, the then irresponsible Board of Supervisors authorized expenditures requiring a tax increase (by reassessment) of over 200 per cent (on my property) in the last three years so that they could build a magnificent monument to themselves.

I, for one, am fed up with supporting other people's ambitions and forgoing the decencies earned by reasonable diligence and responsibility. Isn't it time for the tax-paying geese laying the golden eggs in Marin County to stop allowing themselves to be goosed by monument builders and bureaucrats?

I hope your "Letters to the Editor" column will include a fair number of opinions agreeing with the present board's majority action, in addition to those from the loud and vociferous pseudo intellectual Frank Lloyd Wright school, which string along with your obviously biased opinion.

GEORGE E. JOHNSON  
Mill Valley

## Mr. Fusselman Deserves Bouquet

EDITOR,  
Independent-Journal:

Bouquets to Bill Fusselman and the other supervisors who have the intestinal fortitude to call for a pause while we consider what we actually NEED, and what we can AFFORD!

MARJORIE C. MacDONALD  
San Anselmo

## 'Fusselman's' To Replace Wright

EDITOR,  
Independent-Journal:

Is the San Anselmo structure labeled "Fusselman's" to replace Frank Lloyd Wright's Civic Center as the symbol of Marin County?

JAMES F. MOORE  
San Anselmo

## Let's Save Some Of Those Millions

EDITOR,  
Independent-Journal:

I am happy you have taken the initiative in clearing up the Civic Center matter.

I feel our taxes are too high as it is so let us save some more of those millions.

EDMUND A. BUCK  
Sausalito

## Fusselman Should Get The D.S.M.

EDITOR,  
Independent-Journal:

Here is an answer to your one-sided editorial. I think Mr. Fusselman should be awarded the D.S.M. for bucking people like the late Supervisor Schultz—self-appointed author of Magnolia Gulch, Marin City and politician's haven San Rafael.

THEODORE GREUBEL  
Mill Valley

## The Country Parson

"Some of our upstanding citizens got that way because their parents gave proper attention to that part of their anatomy on which they sit."

## Hospital Voted Down Twice

EDITOR,  
Independent-Journal:

The opponents of the Civic Center have constantly expressed self-righteous indignation that the project has proceeded in spite of being defeated at the polls some years ago.

How then does Mr. Fusselman justify his outlandish scheme of converting the Civic Center into a hospital? Propositions for a hospital were turned down TWICE in 1960 by the voters.

GAYLE R. MURPHY  
Sausalito

## Hope That Vision, Wisdom Imparted

EDITOR,  
Independent-Journal:

Now is the time "to stand up and be counted." You are to be congratulated on your recent editorial and views expressed in the matter of the Civic Center controversy.

Let us only hope and trust that vision and wisdom will be imparted to the three gentlemen who voted to halt work on the center.

Their past total disregard for the present and future of Marin County is appalling, but it should become more apparent as each day passes that the people of Marin County desire the completion of at least the first stage of construction.

Keep up the good work in urging resumption of work!

GORDON R. COOPER  
San Rafael

## Don't Destroy Wright's Work

EDITOR,  
Independent-Journal:

If, as may sadly be the case, the anti-Civic Center group is now in the majority on the county board of supervisors, I have only one request for them:

If competent courts find that it is legally proper for you to discontinue construction work on the Civic Center, please at least have the good sense not to destroy Mr. Wright's work. Halt construction if you must, but leave what has been done for a future council—blessed with clearer judgment—to resume work on this important project.

DONALD BICE  
Kentfield

## Straw Vote Saved Money

### You Can't Spoil A Tiny Baby, So Go Ahead And Be His Slave

"My doctor gives me surprising advice," writes a new mother. "I have a baby girl, just three weeks old. The doctor says I should let her decide when to eat and when to sleep. He says my chief job is to keep her happy during the next eight or 10 months. He wants me to be her slave. 'Won't she become selfish and spoiled? Shouldn't she learn to obey?' I can't understand him. Can you?"

### 'Kickoff' Slated By Young GOP

As a prelude to 1961 activities, Marin County Young Republicans will meet today at 8 p.m. at the Bermuda Palms Motel in San Rafael for their "kickoff" meeting of the year. Gordon Ness of San Rafael, chairman of the young GOP group, announced that John E. McDonald, chairman of the Sonoma Republican Central Committee, would be the principal speaker. He will discuss objectives in a so-called "off election year." McDonald was recently a guest speaker at the Marin County Central Committee "Task Force '62" dinner held last month.

Ness also stated that the new programs will be organized and accomplished by the Young Republicans will be announced and that all those who are interested in hearing of the activities are welcome to attend. Refreshments will be served following the formal part of the evening's program.

### Schools Serve 1,763 Lunches

Marin County schools served an average of 1,763 lunches daily in 14 schools last year, the State Department of Education announced today.

More than two million pupils received lunch or milk daily in the 92-million-dollar statewide program according to Roy E. Simpson, state superintendent of public instruction.

A total of 107 million lunches were sold last year for 25c to 40c. In addition, 373 million half-pints of milk were distributed as part of lunches or were sold at 5c.

## PT&T Plans Big Outlay For County

Pacific Telephone and Telegraph Co. will spend 4.5 million dollars on buildings and equipment in Marin County by the middle of 1962, it was announced today by D. R. Horton, district manager.

Recently completed and part of the expansion program which will have San Rafael as its focal point, was the San Rafael main exchange at 1 H Street which provided for 2,000 new numbers at a cost of \$171,000, Horton said.

Work is soon to begin on an equipment building on Shaver Street near Fourth Street in San Rafael which will provide direct distance dialing and toll equipment for most of Marin County. The center will cost three million dollars, Horton estimated.

Much of Marin already has direct distance dialing, Horton said, which enables customers to directly dial thousands of cities throughout the United States and Canada without assistance from the operator.

In addition, some 12,000 feet of cable, valued at more than \$130,000, is being installed to serve the new Riviera Marin development in Southern Marin and the community of San Geronimo west of Fairfax.

More than \$170,000 worth of cable and equipment is going into the Corte Madera area to increase that exchange by about 1,750 new numbers. Another \$250,000 is being spent to increase Mill Valley's telephone service by 875 numbers.

Dial equipment in Belvedere is being modernized in another \$6,000 project.

Some 60,000 feet of cable is to be installed in other parts of the county, including a 1,400-foot link under Bolinas Lagoon which will serve the new combined Stinson Beach-Bolinas exchange, eliminating toll charges between the two communities.

Horton said the latest available figures show approximately 63,000 telephones in San Rafael and Mill Valley exchanges. The company has about 470 employees with an annual payroll of \$2,694,000 and pays property taxes amounting to \$478,500.

### Permit Requested For 5 Buildings

A Marshall resident has applied for Army approval of plans for five buildings to be erected on piling over the water, a dock and fish conveyor on the east shore of Tomales Bay about one and a half miles south of Marshall.

The existing dock extends about 109 feet from the mean higher high water mark.

The plans call for the building of a restaurant, main house, shed garage and second house.

Objections may be submitted in triplicate to the Army Corps of Engineers, 180 New Montgomery Street, San Francisco, within 30 days.

BID No. 106-A

**PROVIDING & PLACING FILL LAUREL DELL INTERMEDIATE SCHOOL (On the DAVIDSON SCHOOL SITE, LAUREL DELL INTERMEDIATE SCHOOL)**

Notice is hereby given that the Board of Education, governing body of the San Rafael School District, San Rafael, California, hereby calls for bids for:

**PROVIDING AND PLACING FILL LAUREL DELL INTERMEDIATE SCHOOL**  
Bids shall be submitted in accordance with specifications on file in the San Rafael City Schools Business Office, 215 Mission Avenue, San Rafael, California, and shall be accompanied by a certified check, cashier's check or bid bond in the amount of Ten Per Cent (10%) of the total bid, in favor of BOARD OF EDUCATION, CITY OF SAN RAFAEL, and shall be sealed and clearly marked: BID NO. 106-A PROVIDING AND PLACING FILL LAUREL DELL INTERMEDIATE SCHOOL. Bids are to be filed with the Secretary of the Board of Education in the office of the City Board of Education, Administration Building, 215 Mission Avenue, San Rafael, California, on or before Tuesday, January 24, 1961, at 7:30 o'clock P.M. and will be opened and publicly read aloud at that time and place.

Check or bond of sufficient bid bond will be retained by the Board subject to the faithful performance of bidder's agreement, in accordance with legal provisions, general conditions, instructions to bidders and specifications covering materials and services.

Bidders are hereby notified that pursuant to the statutes of the State of California or local law thereto applicable, the said City Board of Education, governing body of the San Rafael School District, has ascertained the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality where the work to be performed for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder.

### NOTICE TO CONTRACTORS

**NOTICE IS HEREBY GIVEN** that the San Jose School District, Novato, Marin County, California, will receive bids for the furnishing of all labor, materials, transportation and means for construction of the SAN JOSE INTERMEDIATE SCHOOL.

Each bid to be in accordance with the plans and specifications on file with Reid Rockwell, Banwell & Taries, 1019 Market Street, San Francisco 3, California, where same may be examined and copies obtained upon deposit of Twenty-Five Dollars (\$25.00) per set, which deposit will be returned upon the return of such copies in good condition within five days after the bids are opened.

Each bid shall be made on a form to be obtained at the office of the Architect, and must be accompanied by a certified check or cashier's check or bid bond in the amount of 10% of the bid amount, made payable to the order of the San Jose School District. Bids shall be sealed and filed in the District Office, Meadow Park School (at Entrance to Hamilton Air Force Base) on or before 4:00 P.M., February 16, 1961, after which time bids will be opened and read publicly.

The above mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work and will be declared forfeited if the successful bidder refuses to enter into said contract or to furnish the necessary bonds after being requested to do so by the Board of Trustees of the San Jose School District.

The successful bidder will be required to furnish a labor and material bond in an amount equal to 50% of the contract price and a faithful performance bond in an amount equal to 10% of the contract price, said bonds to be secured from a surety company satisfactory to the Board of Trustees of the San Jose School District.

Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Board of Trustees of the San Jose School District has ascertained the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which this work is to be performed for each craft or type of workman or mechanic needed to execute the contract, which will be awarded the successful bidder.

The prevailing rates so determined are as follows:

## WOODSON'S

\$8,500  
MARINE VIEW  
East San Rafael

One of the last remaining sites in a most desirable area overlooking Harbor Estates. Lovely water view, close-in, good commute. Eastern owner is anxious to sell. Let us present your offer.

\$11,750  
FAIRFAX CUTIE  
Smart and Dashing

A most attractive small home that will appeal to a career couple or as a weekend hideaway. Has 2 bedrooms and TWO BATHS. Cozy living room with modern free-standing fireplace. Compact kitchen, new built-in electric range and oversized oven. Seclusion, charm, unusual. Ask for ED SABO, GL 4-8500 (eves. WA 4-3004).

\$23,450  
SAN ANSELMO  
Near Drake High

Nicely located at the end of a quiet street and elevated just enough to have a pretty view. Custom-built in 1952, immaculate condition, all walls and ceilings completely insulated. 3 bedrooms, 1½ baths, delightful family room with sliding glass doors that open to a very nice patio and well-landscaped yard. Easy walk to grade school and Drake High. Ask for JOHN MOUNTZ, GL 4-8500 (Eves. GL 3-4832).

\$46,000  
SAN RAFAEL  
Country Club Tract

This outstanding residence has probably the finest, close-in setting in the entire area. It is level, fully fenced, sprinkler system and has an exceptionally lovely view of the water and mountain. Home is about 10 years old but has been entirely "re-nosed." Normandy Provincial in design with costly lowered shutters at all windows. Faultlessly decorated throughout and the well-coordinated drapes and carpeting are included in the asking price. A dignified home that has a rare combination of old-world charm and ultra-modern conveniences. Ask for ALICE WOODSON, GL 4-8500 (eves. GL 6-5761).

### Deal With A Realtor

To those of you who have a broken leg, please consult your physician; to those of you who have income tax problems (except the source of funds to pay the same) please consult your tax expert; and to those of you who plan to buy or sell a home please consult your local REALTOR. By working through your local REALTOR you not only get the benefit of his years of experience, but you are protected by the Code of Ethics of the National Association of Real Estate Boards and the State Real Estate Commissioner as well as the Civil and Penal Code. For many of you the purchase of a home is the most important investment you will ever make, so make the investment wisely. Statistics prove that it is much less expensive to deal with a REALTOR.

Circular pattern identifies deposits scraped from combustion chamber. It tells researchers many secrets. To get this pattern, deposits are ground up and placed above a film. Electrons are beamed directly at the deposits. The

beam is diffracted—scattered at precise and characteristic angles. This registers as the pattern of dots shown above. Reading this photograph, Shell scientists learn composition of deposits, determine how to neutralize them.

# BULLETIN:

## Weird electron “pictures” help Shell scientists develop improved TCP for today’s Super Shell —to give your car top performance

**Read how electron diffraction revealed the inner secrets of the combustion deposits in your car’s engine. How improved TCP was developed to neutralize these deposits, prolong spark-plug life, increase mileage—and release up to 15% more power.**

**Here’s the full story of today’s Super Shell—and the 9 ingredients that give your car top performance.**

THE TCP in today’s Super Shell does its job better than ever. It neutralizes certain harmful effects of combustion deposits—deposits that can prevent you from ever knowing your engine’s top performance.

There’s not a single engine with more than a few thousand miles on it that doesn’t have this type of deposit in its combustion chambers. These deposits can cause real trouble when you need power most.

They glow red-hot and set off the fuel before the spark plug has a chance to get into the act.

The experts call this pre-ignition. The explosion punches the piston on the way up. Two forces meet head-on. No wonder your power falls off.

Deposits can also cramp your car’s per-

formance by short-circuiting the spark. What happens? No firing—you get a miss.

*Problem:* How to add something to gasoline that neutralizes the effects of deposits. *Answer:* Shell Research.

### A scientific detective story

Shell scientists announced the first TCP\* additive eight years ago, after research had proved it could virtually end this misfire problem once and for all. TCP was hailed as the greatest advance in gasoline in thirty-one years. Now Shell has improved it.

Scientific detectives like the electron “photograph” (above) made new, improved TCP possible. They helped Shell scientists to look engine deposits right in the face. And to find how best to neutralize them.

### What today’s TCP can do

Tests have already proved that TCP can help you get up to 15 per cent more power, up to 17 more miles per tankful. And it can make plugs last up to twice as long.

Yet TCP is only one of *nine* ingredients in today’s Super Shell. Read about the others. And how each helps your car deliver its top performance.

### Ingredient #2 is “cat-cracked” gasoline for power with a purr

This is petroleum that has actually *cracked* under 900-degree heat and catalytic action. Its heavier molecules have been shattered into livelier, lighter ones.

The result is a super-octane ingredient that makes your engine purr with power the moment you put your foot down.

*NOTE:* “Cat-cracking” refers to the use of a catalyst—the mysterious substance that can alter molecules without changing itself.

### Ingredient #3 is Alkylate, noted for knock control in hot engines

Jimmy Doolittle helped pioneer this outstanding high-octane ingredient for Shell aviation fuel.

Alkylate—the ingredient that took the dream of 100-octane gasoline out of the lab and put it into the skies—is now in Super Shell. It controls knocking in hot engines at high speeds better than anything else yet available.

*NOTE:* Speaking of controlling knocks at high speeds, remember that car engines frequently turn *even faster than the engines of a DC-7*. Think of this next time you pass another car.

### Ingredient #4 is anti-knock mix for extra resistance to knocks

You might think that two high-octane ingredients are enough for knock-free performance. But Shell’s scientists have keen cars.

*They insist on adding a special anti-knock mix. A mix so effective that one teaspoon per gallon can boost anti-knock rating by five points.*

This mix has the tricky job of *regulating* combustion so that Super Shell gives each piston a firm, even push—rather than a sharp blow which would cause a knock.

### Ingredient #5 is Butane for quick starts on cold mornings

Butane is so eager to get going that Shell keeps it under pressure 400 feet below ground to stop it from vaporizing by itself. Think what this extra volatility means in cold weather. Your engine fires in seconds. There is less strain on your battery. And none on your patience.

*NOTE:* Super Shell is primed with Butane all year round. In winter, Shell scientists simply increase the quick-start dose.

### Ingredient #6 is Pentane mix for fast warm-ups on cold days

Pentanes are made by tearing gasoline apart, much as you split kindling to start a log fire.

*In this case, the “logs” are petroleum’s heavier hydrocarbons. A special process transforms their molecules from slow-burning “logs” into the quicker-firing “kindling.”*

*NET RESULT:* Fast warm-up and top performance in a hurry.

### Ingredient #7 is an “anti-icer” to check cold-weather stalling

Super Shell’s formula is adjusted as often as eight times a year to beat the weather. For example, whenever the temperature is likely to be less than forty-five degrees, a carburetor anti-icer is added.

*Why add anti-icer at forty-five degrees?* Because, even then, frost can form in your carburetor just as it does in your refrigerator. It can choke your engine dead.

### Ingredient #8 is gum preventive to keep carburetors clean inside

Even the purest gasoline can form gum when stored. This can clog carburetors and foul automatic chokes. But, with Super Shell, you needn’t worry. A special gum preventive does the trick.

It acts like a policeman controlling a mob. Regulates unstable elements to help keep them from clotting. Hence no gum problem.

### Ingredient #9 is Platformate for extra energy, more mileage

It takes eight million dollars’ worth of platinum catalyst for Shell to produce Platformate. But fortunately for you and for us, this precious stuff can be used over and over again.

The platinum re-forming process, which gives Platformate its odd name, converts petroleum into super-energy components—such as benzene, xylene and toluene.

*These three alone release 11 per cent more energy per gallon than the finest 100-octane gasoline.*

But make no mistake. This is not untamed energy. Far from it. The super-energy of Platformate is harnessed by the eight other ingredients in Super Shell, where it behaves so well you scarcely know it’s there. That is until you note your extra mileage. After that, there is no doubt.

### Test Super Shell for yourself

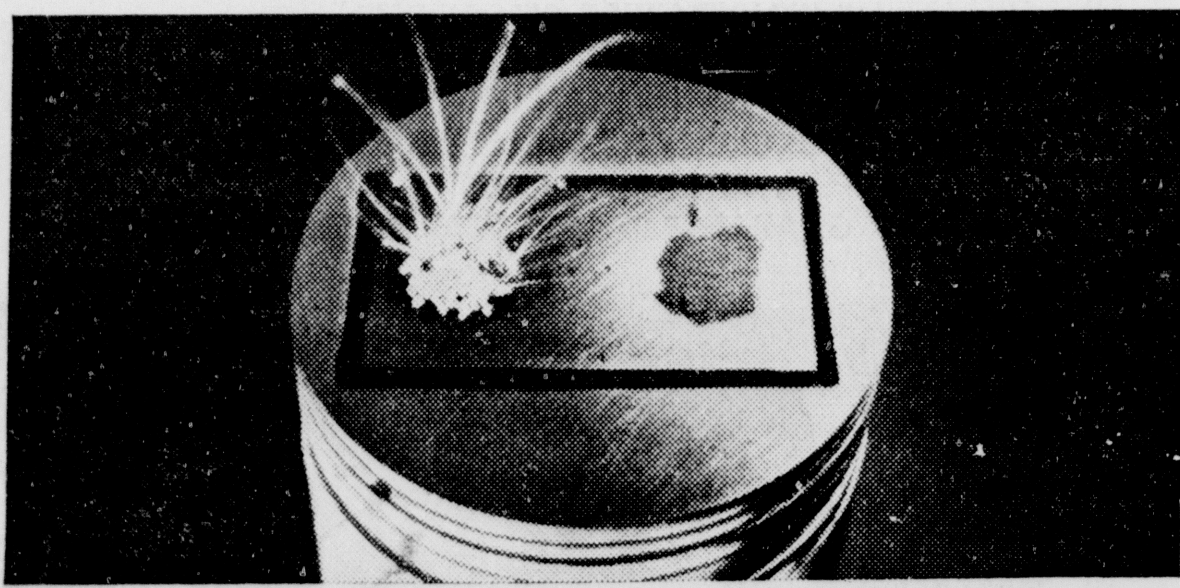

Try Super Shell next time you fill up. You’ll soon *feel and hear* a difference in the way your engine runs.

That difference is *top performance*.

A BULLETIN FROM SHELL RESEARCH —where 1,997 scientists are working to make your car go better and better.

\*Trademark for Shell’s unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2,889,218

Test proves how TCP neutralizes glowing deposits. The electrically heated piston, above, has been sprinkled with two kinds of engine deposit. The glowing deposit, at left, had not been neutralized with TCP. The deposit on the right had. With TCP in action, there is no trace of glow.
